YOU

made the difference

This year 1985-1986 was not just any year. It has been a blend of memories and experiences shared with friends or remembered in solitude. This year holds a special place in the hearts of many students at Sanger High. We finally had classrooms with fresh paint, and ceilings with no leaks. We had ice cream for lunch, and an electronic bulletin board to flash the news daily. We had the largest enrollment in the history of the school. Yes, this year, there was a difference.

We have always known we were great; there was something in the air that told us we were the best. We knew that we were different from everyone else . . . but what was it that made the difference? You. You made the difference. We each contributed in some special way.

Now, ninety seniors have marked the end of 12 years of tardy bells, pep rallies, and book reports. They take with them the distinction of being the largest graduating class in SHS history.

For all of us, 1985-86 was a year of special distinction's of memorable events and of cherished friendships. Here's looking at YOU!

From Study Times To Good Times

Though the majority of our day is spent working hard in the classroom trying to meet deadlines, finishing last night's untouched homework, and trying to stay awake during those long, boring lectures, we still found time to have FUN!! Shelly finds her fun while shoe polishing Matt's car.

We're Reaching Out

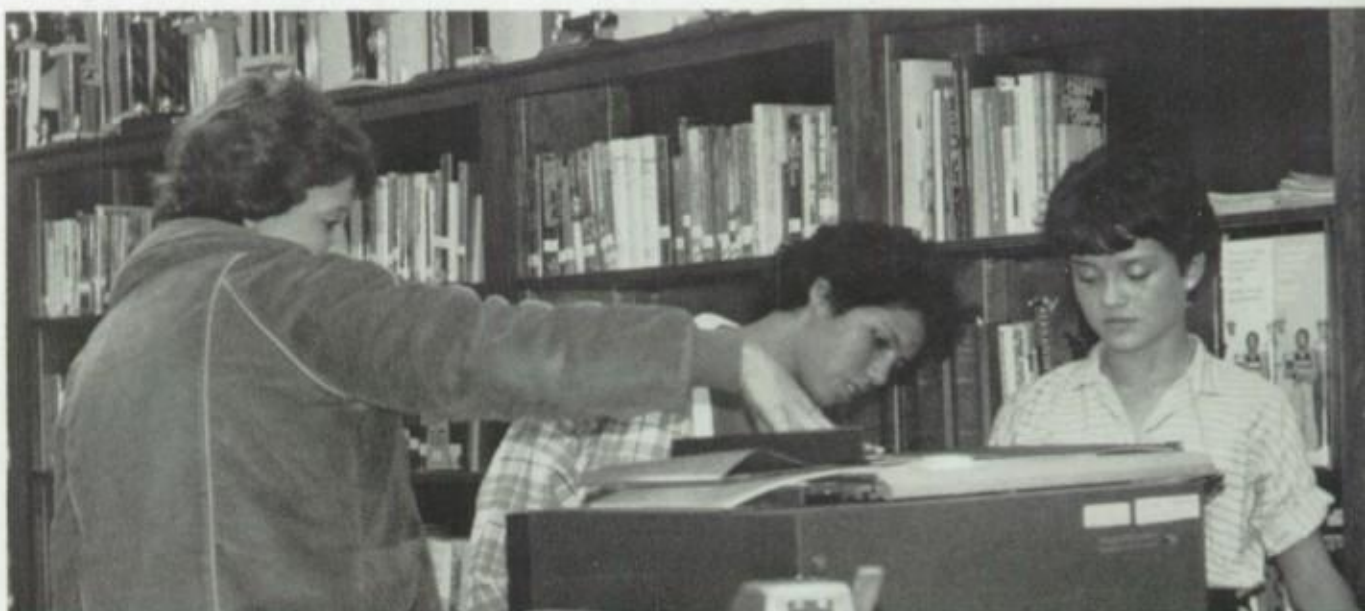

Sanger High School is reaching out and accomplishing goals. With an approximate amount of 500 students, the halls are jam-packed. We've received about 60 new students and 6 new teachers this year.

People know that Sanger is "someplace special" and our school spirit shows that we are different.

Classmates

Through thick and thin, Danny, LeeAnn, Penny, and Shaunda will always stay friends.

Anna, Esmeralda and Cheri use the copier in the library.

Ramie and Trish enjoy lunch.

Just a typical lunch for Bobby.

Paula can't believe that Jaime is going to eat the whole thing.

Mrs. Barrett is just "one of the guys."

Aubrea, Tony, and Kendra work in the concession stand at a basketball game.

Dhana and Tammy enjoy a moment in Coach Daugherty's History class.

The J.V. cheerleaders show their spirit during a pep rally before the Lake Dallas football game.

People

made the difference

Mr. Ruland patrolled the halls during lunch. Mrs. Yeatts directed "Pygmalion," Tina led the cheers, and Joey kept the beat. Coach Daugherty made the girls run yo-yos, and Senora Reyes taught Spanish cooking. Billy played football, and Lori designed the yearbook pages. Bo led the JV all the way, and Tobey marched the Charmers. We cheered; we worked; we laughed; we cried ... WE made the difference.

Senior April Horton said, "You get to know the people better. In a big school you hardly ever even get to see your close friends in the hall. Here you always have the opportunity to talk to your friends."

We have always known we were different; there was something in the air that told us we were the best. We knew that we were different from everyone else ... but what was it that made the difference?

"I love to be around people and Sanger's small size allows me to develop close relationships with the people." -Mrs. Yeatts, teacher

"I like the closeness of the teachers and the students and the friendship of all the students as a whole." -Dana Treitsch, senior

"Sports has made the difference. Sanger is a small town and not many people compete in all the sports; therefore I have a good chance to play in the sports I like best." -Erica Herd, sophomore

"I like the small school atmosphere with the interpersonal relationships between the students and the teachers." -Mark McNeal, senior

"As opposed to the larger schools I've been to, Sanger has more close relationships between students and students and especially between the teachers and students." -Christie Chronister, junior

"I like Sanger because it's small and not overcrowded and you really get to know the people well." -Michael Grace.

So as you can see, Sanger is some place special ... we ALL made the difference.

Hall ways are crowded between classes with the increased enrollment.

Mrs. Spruiell and Mrs. Klink are always smiling.

Kenny Ruff holds Samantha in Child Development Class.

Bobby finally rounded up Mrs. Morse in the office.

Friends

*Packing up the dreams God planted
 In the fertile soil of you;
 Can't believe the hopes he's granted
 Means a chapter in your life is through.
 But we'll keep you close as always;
 It won't even seem you've gone,
 Cause our hearts in big and small ways
 Will keep the love that keeps us strong.
 And friends are friends forever
 If the Lord's the Lord of them.
 And a friend will not say "never"
 'Cause the welcome will not end.
 Though it's hard to let you go,
 In the Father's hands we know
 That a life-time's not too long to live as
 friends.
 With the faith and love God's given
 Springing from the hope we know,
 We will pray the joy you'll live in
 Is the strength that now you show.
 No a life-time's not too long to live as friends.*

Senior Memories

We are the ever proud seniors, a group of people who have laughed, cried, and shared each others lives for three long, hard, and sometimes trying times. We shared many beautiful memories that will never be forgotten, and always kept close to our hearts. As we leave Sanger High we will feel sadness, but will also remember all the fun times, for Sanger has filled us with a pride that could never be forgotten.

Juniors

The 1985-86 junior class was a proud crew always full of spirit and enthusiasm. They took part in pep rallies, by yelling and cheering the football boys on, homecoming week by winning the best hall decoration with the "Road to Victory" theme and raising money for the prom by working hard at the concession stands and selling mugs and ornaments.

This year's juniors class officers

are: President Renee Elmquist, Vice President Shelly Johnson, Secretary Kendra Pirkle and Treasurer Rich Briner. Their encouraging sponsors were Mike and Carol Danner, Joe and Elizabeth Higgs, Bryan Steward, Janet Tyson, and Sharla Thompson.

There were a lot of memories that will never be forgotten by this crew of students and still a lot to be made before their senior year.

Sophomores

Some say that your Sophomore year in High School is supposed to be the easiest. Though some aspects of this statement may be true, this year's sophomores managed to work hard while having fun. Without the pressures of career choices, apprehension of a new school, a nervousness over the S.A.T. and A.C.T. tests, it could be said that the class of '88 had it easy.

Chosen to lead the class of '88 through the 1985-86 school year were

Bo Cooper-President; Chris Harper-Vice-President; Ray Escobedo-Secretary; and Blake Lemons-Treasurer.

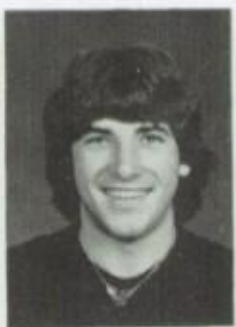

Sophomore sponsors are Mrs. Barrett, Mrs. Langley, Mr. Ruland, and Coach Davis.

As the year came to a close, the sophomore class reflected back on the past year and began to prepare for the future by thinking about the fun of next year's concession stands.

Freshmen

The freshman class of 1985-86 was the largest class at Sanger High. Each student contributed greatly to the school spirit. Many of them participated in extra-curricular activities such as Drill Team, Band, Drama, or Sports to show their pride in Sanger High.

The chosen officers for the freshmen were John Briner, President; Kelly Pirkle, Vice-President; Julie Lemons, Secre-

tary; and Traci Adkins, Treasurer. Their sponsors, who helped them make the most of the year, were Rebecca Barnes, Jack Biggerstaff, Hank Cooper, Sally Davis, and Robert Sisco.

From first-day jitters to watching their new-found Senior friends graduate, the class of 1989, for the most part, had a successful year. We wish them the very best of luck in their next three years of High School.

ADMINISTRATION directs to create better education

The word administration is defined in the dictionary as a group of persons with the power to manage and direct. The SHS administrators use their powers to direct the SISD to become a better system. The 1985-86 school year began with a new administrator. Jim Coulston was the new superintendent. He had new ideas to make the education in Sanger better. The board of directors and Mr. Coulston worked together with ideas from the community to strengthen the Sanger education system. The full Sanger administration used their power and talent to create the best possible education for the students.

Class Acts

studying made the difference

The Golden Warrior decided to have a new section this year called Class Acts. The purpose of this section is to give due credit to what goes on in the classroom. Let's see what homemaking is really all about. Do the Ag classes really learn how to be good farmers? What goes on behind the closed doors of the Theatre Arts classes? How do the Computer, Typing, Driver's Ed, Accounting, and Band classes all fit into the same category? Read this section to find out! NOW!!!

Annual Staff, Homemaking and College Prep English are classes that make a difference to SHS. Marilyn Tipton learns valuable publications experience; Penny Groves and Susanne Reed learn about foreign foods; and Lori, Tobey, and E. J. learn medieval eating habits at the annual banquet.

It's Not Just An Act: It's A Stage Of Mind.

Lights, cameras, action! Mrs. Yeatts led the Theater Arts/Drama Department students through a variety of activities this year . . . Introduction to Speech, Theater Arts 1, 2, 3, Technical Theater 1 and 2, Independent Study in debate and advanced speech and Survey of American Film.

In Theater Arts classes, students learned how to act by memorizing skits, evaluating plays and poems, and performing in front of the class.

Technical Theater Students, better known as the Tech crew, learned about organizing for a drama production. They built sets and platforms, and learned about lighting and props. Experimenting with stage make-up was a favorite event for this class.

Independent Study students worked individually on debate topics or on speech events such as

extemporaneous speaking, oratory, poetry or prose . . . all for competition.

Survey of American Film was added to the curriculum during the spring semester. Students watched films from the earliest American films (as in black/white, no laser beams) to the latest contemporary media-events. Reviews and critiques of each film were an essential part of the course.

Drama sponsored a school wide talent show in May. Spotlighting performances by students and teachers alike.

Remember that wild group singing "We Don't Need No Education" . . . Maybe it wasn't great music but it was the Principals involved that made the difference.

Let's face it . . . SHS is really striving for the best in theater arts. Way to go . . . Mrs. Yeatts.

↑ Joey and Denise walk away with a first in duet acting.

← During the party scene in the play, Joey and Jeremy argue about who is the best-looking date, while Chris stands by as mediator.

Their Own Set Of KEYS

It may not be the question of the century but it's the key question for this page. The question is ... (drumroll, please!) What do accounting, typing, computer math, word processing, band, and drivers education have in common? Angie Bo replies, "Uh, they all have students, right?" Angie, we're sorry, but your answer is wrong. Denise Yeatts answered, "They all have people working with their hands." Well, Denise, you are also wrong.

The amazing answer can be answered by the Class Acts section editor, Jim Berndt. Jim tells us that all six of these classes have their own set of keys. Accounting uses a calculator or a ten-key machine which both have keys to punch. Typing keys are very common to the students in Coach Spruiell's typing class. He counts off 2 points for every mistake, so his students know their typewriter keys. Computer Math is a class that uses the keys of a computer to solve math problems. The Word Processing class uses a combination of keys, both ten-key and computer keys. Mrs. Thompson makes sure her Word Processing students learn a skill that they can take with them after class. Now, think about band; if Mrs. Klink's band isn't in the right key, they will play till they get on the right key. We all know what type of keys the driver's education class hopes to eventually use. Beware Sanger; some wild sophomore drivers are getting their license this year!

With keys as part of each one of these classes, we hope that Jim has helped you answer the question of the page. Now you may go on to the next page.

Pam Smith entered calculator competition at UIL. She must be pretty fast!

Regina Jack uses the new IBM typewriter in her Word processing class.

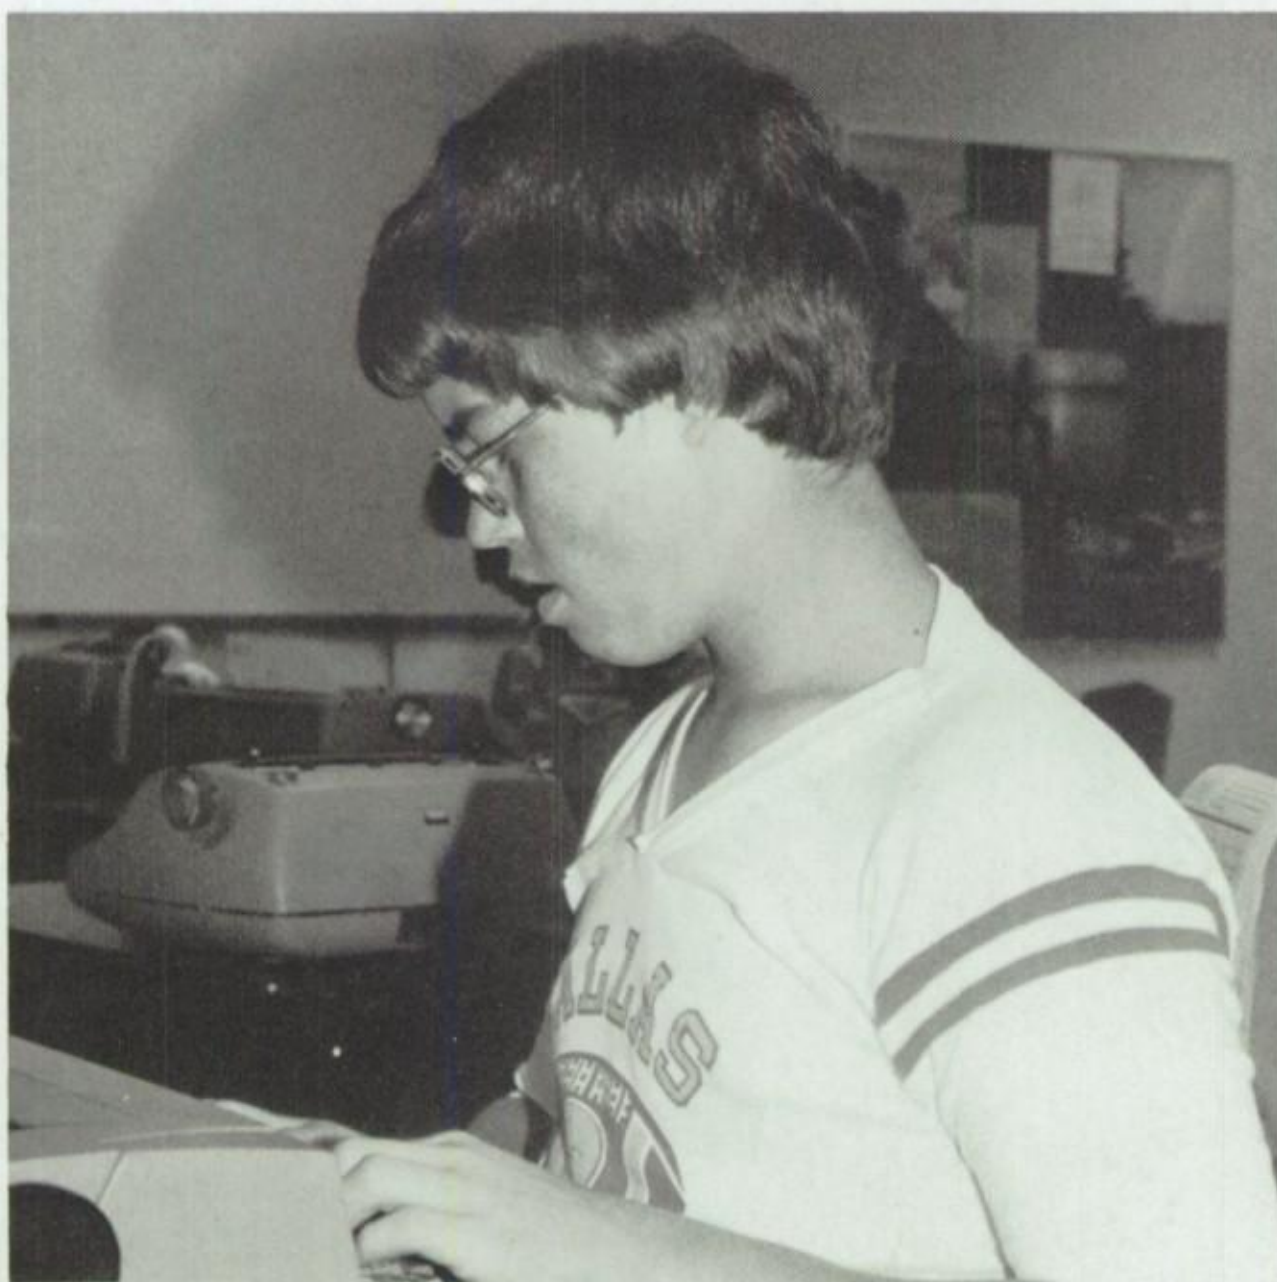

Tammy Sprabary is hard at work on a computer program — Pac-Man???

We're A Stitch Above The Rest

We cook, we sew,
We knead our dough.
We learn, we teach,
We strive to reach.
What is the homemaking way?
Making the most of every day.

The homemaking department was crowded this year. Each class averaged about 20 students. Mrs. Higgs, Mrs. Langley, Miss Clark and several student teachers taught a total of 9 subjects including Homemaking 1 & 2, Foods & Nutrition, Housing & Home Furnishings, Child Development, Home and Family Living, Consumer Education, Clothing and Textiles, and HECE. These teachers encourage their students to join FHA; however, it is not required. As you can tell from the list, Homemaking is not just cooking or sewing but it is an in-depth study of each subject.

AG AIN'T JUST A BUNCH OF BULL!

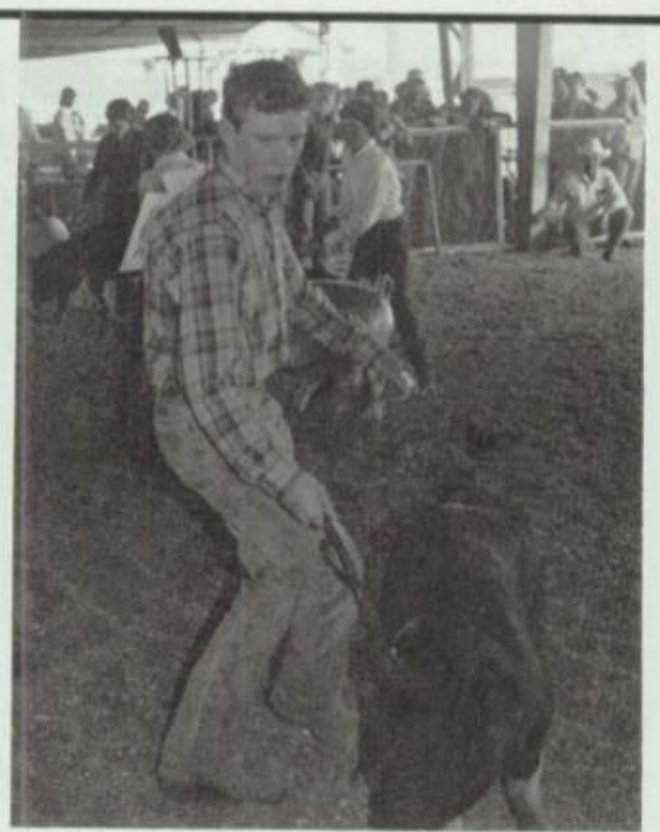

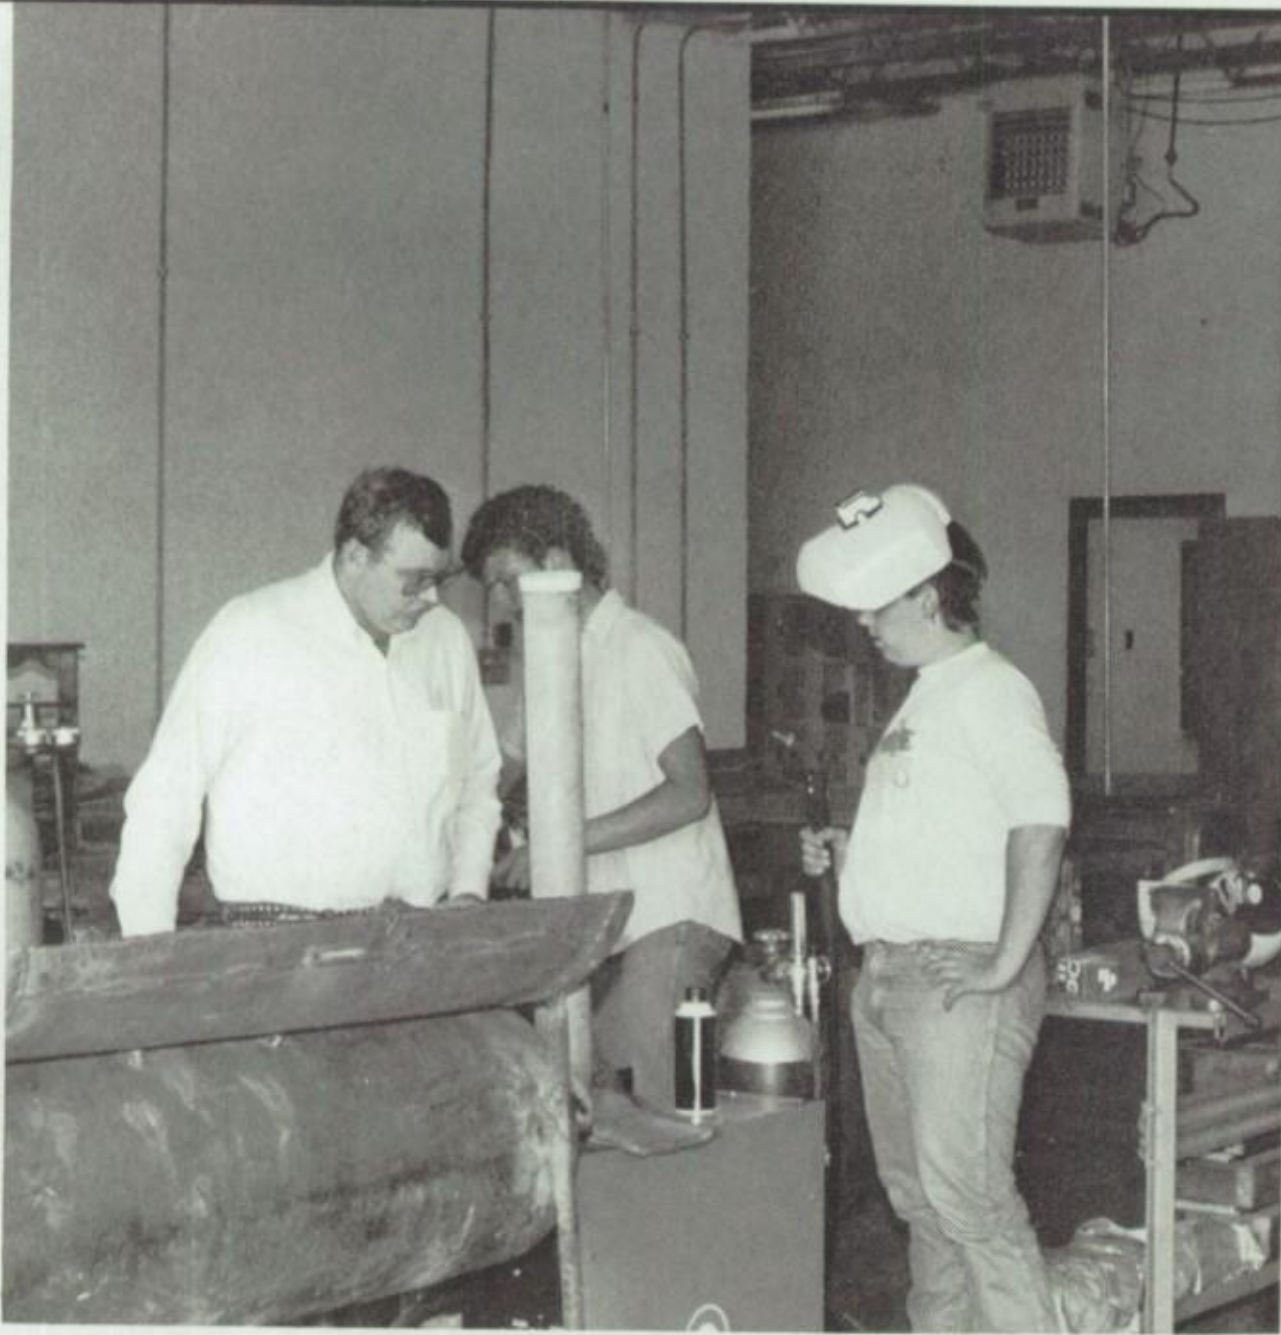

What goes on behind the closed barn doors? Teachers, Sisco and Ruland, lead classes about agriculture and shop work. Students who take ag classes are required to have a six month project which can either be raising an animal or a shop project. Also, students who take ag classes are automatically in FFA. Therefore, the students learn the basics of FFA: the creed, the motto, the history, etc

The new state laws have taken their toll on ag classes. The students who become ineligible are not allowed to show their six month projects at the shows throughout the year. For example, a student who has spent time and money on raising an animal to show and to possibly get a chance to sell their animal at the Youth Fair, then becomes ineligible, loses their chance of showing. However, Sanger has not let this new law cut down on the ag program. Instead of not allowing the students project to be shown at all, another eligible student is allowed to show the project for the ineligible student.

The students in Ag want the rest of the world to know that they don't just learn about cows and tractors. They also learn about welding, tools, machinery, and mechanics. Ag class can be a very valuable lesson for these students future.

Student Life

Good times made the difference

Student Life is ... Prom.
... Free time.
... Homecoming.
... Favorites.
... Dating.
... Having fun!

"Student Life" is these things and more.
What do students do when they are not in the classroom. We got these responses:

"What I do when I'm not in the classroom is anything that has nothing to do with school - especially research papers!"

- *Renee Elmquist, Jr.*

"When someone mentions student life, I think of partying and just being myself."

- *Terri Beverly, Soph.*

"When I'm not in school, I go shopping."

- *Daphne Riddle, Fr.*

"When I'm not in school, I spend my time talking to Cherie on the phone."

- *Carrie Moorehead, Fr.*

"When I'm not in school, I spend my time talking to Carrie on the phone."

- *Cherie Gulyas, Fr.*

"I work when I'm not in school."

- *Humpy Bryant, Jr.*

"After I get home from school, I work on my music and spend as much time possible with my boyfriend."

- *Kathy Jones, Jr.*

There's A First Time For Everything!

"After twelve years of avoiding licks, Steward got me my senior year!!!"

-Karen Hamilton-Senior

High school is a time for new discoveries and new experiences. There is a first time for everything. Whether it is getting your first detention or going on your first date, the first time for events such as these are something you always remember. Here are a few examples:

1st Traffic Violation

"I was going 49 in a 30 and I got pulled over. I cried. I was real nice, though, so he only charged me for a 40 in a 30." - Dana Trietsch - Senior.

"I was doing 39 in a 20 and my insurance was expired. That same night, I got another ticket for cutting corners at Mr. Gatti's." - Aubrea Anderson - Junior.

1st Date

"We went to the drive-in to see 'The Karate Kid' and we got a flat tire." - Colleen Fipps - Senior.

1st Time Driving A Car

"I was in third grade and my dad let me drive his truck through a cow pasture." - Regina Jack - Junior.

1st Time Received Corporal Punishment

"It was in the first grade. I picked up a rock and threatened to throw it at Alan Kyle. He told on me and Mrs. Gardner showed no mercy." - Renee Elmquist - Junior.

1st Detention

"I got caught eating candy in Health class. While serving my detention, I had to copy out of the dictionary. I felt like a lousy bum." - Sherla Ashby - Senior.

1st Time Got Grounded

"I wrecked my car and lied to my parents about how it happened. They found out, of course. I was grounded for a month, but they let me off after two days." - Wanama Balliew - Senior.

1st Time at Sanger High School

"My first impression of Sanger High School was that how nice and helpful the students and teachers were to me. They helped me find my rooms and made me feel as if I had always gone to school here." - Melanie Frey - Junior.

1st Time had a wreck

"I had borrowed my boyfriend's brand new truck to go to Denton. I thought it would be nice if I washed his truck for him when I finished with it, so I pulled into an automatic drive-in car wash. At the time I didn't know that trucks couldn't go through those kind of car washes because they are too tall. Well, I got in okay but getting out was a bit of a problem. I tried to pull out of the car wash but the truck wouldn't move, the wheels just spun. I got scared so I began to back up and about that time the wheels slid off the track and the truck hit the side of the stall. When I finally got out of the car wash I noticed that the front fender was all smashed up!" - Marilyn Tipton - Senior.

Christie Grisham tries her hand at weaving for the first time.

Dating is an important part of the social structure at Sanger High School. To "go with someone" seems to be the in thing to do.

Dating one particular person can have both good points and bad points. "There is always someone there to talk to and you don't have to worry about finding someone to go out with," says Cindy Gray, junior. On the contrary, Sherla Ashby, senior, had this to say about staying with one person. "When you are tied down with one person, you can't flirt!"

It almost seems to be a pastime to see who is going with whom, where they're going, and what they are going to do once they get there. Junior Christie Chronister told us of her favorite places to go on a date. "I like to go to Bennigan's in Los Colinas, and then to the hot tubs at the Mandalay Hotel."

Carrie Moorehead, freshman told her idea of a perfect date: "I'd like to go to dinner at Reunion Tower, and then maybe to a Dire Straits Concert."

Students of different ages have their own theories on dating. Freshman Daphne Riddle said this about finding the perfect date: "If at first you don't succeed, Try, try again!" Tracy Borel, sophomore, said that dating "creates a better relationship between people."

Cheri Frey, a junior, said that she likes to date because "I get to know people better."

Dana Trietsch, senior, summed it all up: "The main attraction for me is personality. How better to find one's personality then to become friends. After being friends for a while, dating is the most wonderful thing in the world."

We asked a few students at Sanger High School what their idea of a perfect date would be. Here are some of their replies.

"Going to an expensive restaurant with Rob Lowe, going home and watching movies on the VCR." - Michelle Coulston - Junior.

"To go out and eat at a nice place, go out to a movie, then ride around and then go parking." - Tom Roberts - Junior.

"Go to the movies and then go out for dinner." - Dawn Neal - Senior.

"Dinner, drinks, dancing, enjoyable conversation, and late night fun." - Curt Morgan - Senior.

"My idea of a perfect date would be to fly to New York for dinner and dancing." - April Horton - Senior.

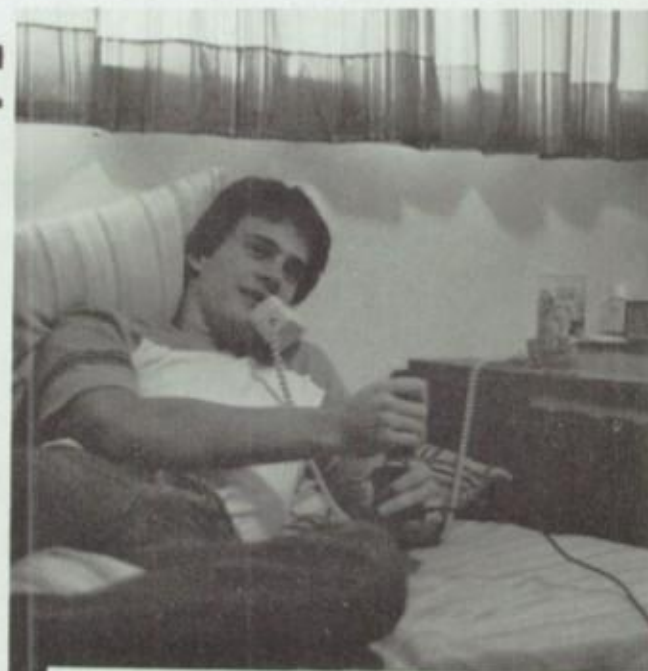

"Go to a nice, quiet restaurant for dinner and then sit on the beach and watch the sun set in the west." - Karen Hamilton - Senior.

Jennifer McGuffin and Staci Jenkins discuss their favorite subject - BOYS!

Don't they make cute couples?

Tobey Utley and Mark McNeal plan their evening activities.

Stephanie Mitchell and Ricky Frazee really know how to operate!

Shaunda Lloyd and Joyd Pardon - Studying? I wouldn't be so sure!

Cold Front Chills Fans

Indians Victorious Over Falcons

Homecoming 1985 was, to say the least, a chilling experience. With Halloween falling on Thursday and the cold front that came through on Friday afternoon, chilly would be a good way to describe it.

The juniors showed their spirit by winning the hall decorating contest with the theme "The Road to Victory." The dress-up days during spirit week were as follows: Monday- Sweats, Tuesday- Punk, Wednesday- Western, Thursday- Halloween, and, as always, on Friday- Purple and Gold.

The freshman class chose David Lappots and Traci Adkins as their prince and princess. The sophomores selected Thomas Muir and Tiann Beard to represent their class. Mark Turpin and Aubrea Anderson were chosen as junior prince and princess.

Nominees for Homecoming Queen were Karen Hamilton, Trisha White, Dana Trietsch, Rhonda Holder, and Angie Rhodes. Homecoming King nominees were Eric Garza, Michael Grace, Joey Robison, Billy Wright and Tim Henry. Dana Trietsch and Michael Grace were selected as Homecoming Queen and King of 1985.

The football players chose Rhonda Holder as the football sweetheart. The band formed a heart with the charmers and played "Crazy for You" as the Homecoming court was presented on the field.

The cold didn't seem to stop the Indians as they ran to a 23-7 victory over the Lake Dallas Falcons. Once again the Sanger Indians kept up the tradition of winning the homecoming game and having a victory dance following the game.

Class Favorites

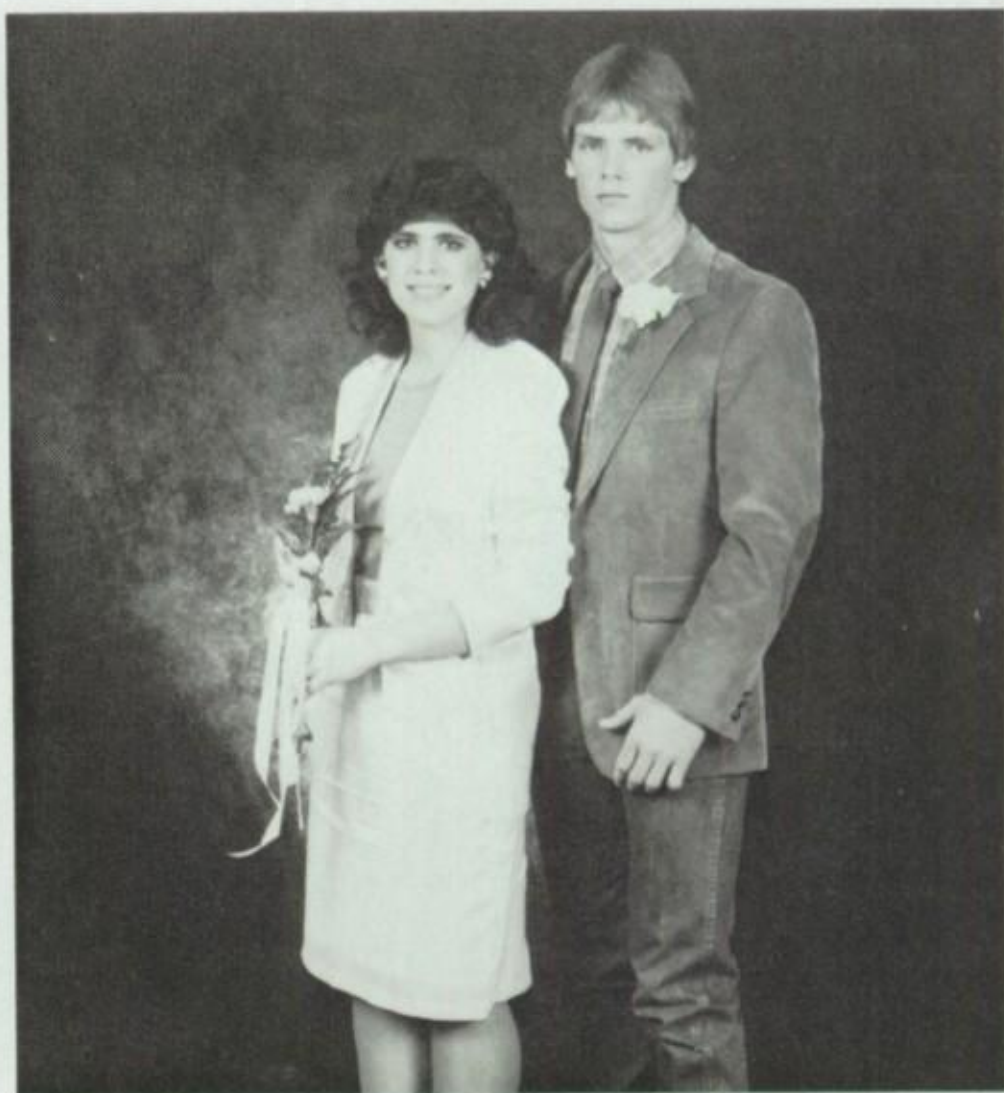

Freshman Favorites - Pam Looper and Jason Trice.

Sophomore Favorites - Michele Forrest and Ray Escobedo.

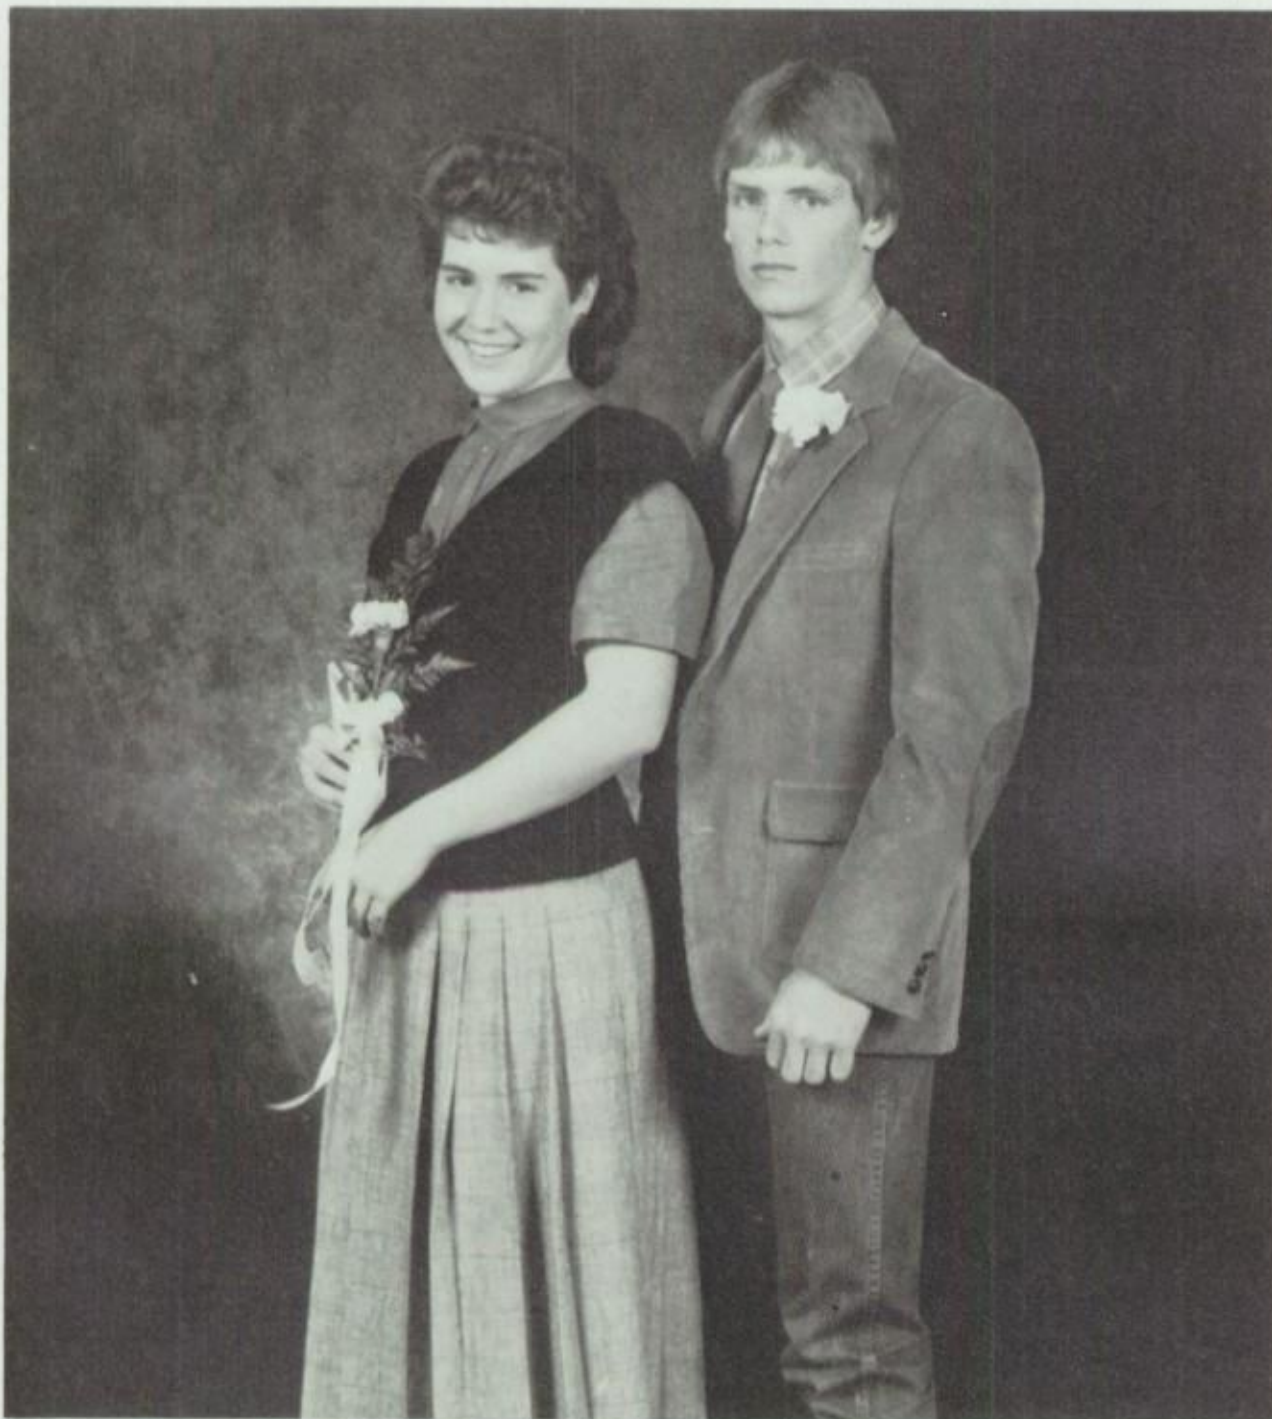

Junior Favorites - Aubrea Anderson and Mark Turpin.

Senior Favorites - Rhonda Holder and Michael Grace.

Mr. And Miss S.H.S.

The Sanger High School student body selected Michael Grace and Dana Trietsch as Mr. and Miss S.H.S. for the 1985-86 school year. Michael and Dana, both seniors, are very active in many school activities.

Dana is involved in 4-H and FFA. She served as President of the Blue Mound 4-H chapter this year, as well as President of the Sanger chapter of the Future Farmers of America. Her hobbies include baking award winning bread and raising show steers. This year, Dana was also selected as Homecoming Queen.

Michael is active in athletics and has won many outstanding awards in football, baseball, and track. Michael enjoys riding motorcycles, working on his truck, and chasing after girls. This year, Michael was selected as Homecoming King.

Below, Dana, second from left, participates in an Honor Society ceremony. Michael, center, hangs out with the "good ol' boys."

Most Talented

The student body selected Joey Robison and Julie Lemons as the most talented at Sanger High School.

Joey is a senior and has been very active in many organizations. This past year he was head drum major and president of the International Thespian Society. Joey enjoys acting, dancing and music.

Julie is a freshman and has been very active in her first year at Sanger High School. She is a Cherokee Charmer and has been elected to serve as Co-Captain for her Sophomore year. She is also secretary of the freshman class.

Julie Lemons and Joey Robison

Most Likely To Succeed

Rich Briner and Renee Elmquist were chosen as most likely to succeed for the 1985-86 school year.

Rich is a junior and has participated in track, golf and debate. He is also serving as treasurer of the junior class.

Renee is also a junior. She is serving as president of the junior class and as Co-Captain of the Cherokee Charmers. She is also active in OEA.

Both Renee and Rich are members of the National Honor Society and Student Council.

Renee Elmquist and Rich Briner

Aubrea Anderson and Sean Kelly.

Most Beautiful/ Handsome

Aubrea Anderson and Sean Kelly were chosen as most beautiful and most handsome of Sanger High School.

Aubrea, a junior, is Social Coordinator of Student Council and is president of the Future Homemakers of America. She is also a Cherokee Charmer and participates in golf, FCA, and in National Honor Society.

Sean, a freshman, likes to participate in athletics, such as basketball, football, and track. He is an outstanding athlete at Sanger.

Rhonda Holder and Billy Wright.

Friendliest

Rhonda Holder and Billy Wright were selected as most friendly of Sanger High School. They are both seniors and get along rather well with everyone.

Rhonda has participated in Charmers and Cheerleading and was chosen as Football Sweetheart this year. She also takes part in FHA.

Billy is an outstanding athlete. He was chosen for the All-District Football Team and is very active in FFA.

Most Athletic

Shelly Johnson and Michael Grace were chosen as most athletic at Sanger High School.

Shelly, a junior, is very active in all athletic events. She played volleyball, basketball, and ran track this past year. Last year Shelly went to state in the 100 meter dash. She finished second in the event. She is also active in FHA and OEA.

Michael is also very athletic. He played football, baseball, and ran track this past year. He was chosen as Homecoming King and Mr. SHS.

And We Danced . . .

Up Where

We Belong

Mrs. Danner, Junior sponsor, addresses prom invitations.

Rain, high winds, thunder, and lightning greeted prom-goers on Friday, May 9, 1986. 8.42 inches of rain fell on the Union Building at NTSU where the prom was held. The Silver Eagle Suite was decorated with helium balloons of silver and blue. Hot air balloons emphasized the theme of "Up Where We Belong." Favors consisted of engraved champagne glasses.

The inclement weather prevented some couples from even arriving at the prom. **Aubrea Anderson** and **Mark Turpin** were rear-ended at a stop light; **Stacy Taylor** and **Michele Forrest** also had an accident. Luckily, though, no one was injured. **Aubrea** gave this description of her evening: "The car got flooded. We never made it to the prom; we just went home and ate roast beef sandwiches!"

Even though the rain continued to fall, the spirit of those attending the prom was not dampened. **Karen Sprabary** said she had a wonderful time. "I remember the pretty colors, how everybody danced, and how nice **April** looked."

Tray Driggous, Leah Wadkins, Tom Hubbard, and Carmela Wall enjoy dancing together at the Prom.

Off The Hook — Finally!

Seniors Go Through Baccalaureate, Senior Night, And Graduation

Homecoming was freezing. The prom was extremely wet. Mother Nature decided to keep up with the "tradition" and threaten the graduation with rain. Because of this impending disaster, the ceremonies were moved from the football field into the gym - the very hot gym.

The actual graduation ceremony was merely the grand finale to the many events of the preceeding week. The Baccalaureate was held on Sunday, May 25 at the First Baptist Church. Monday morning was the awards assembly, and Monday night was Senior Presentation Night. It was announced Monday that over \$30,000 in scholarships was awarded to the class of '86. Wednesday and Thursday came around and many seniors could be found cramming for final exams.

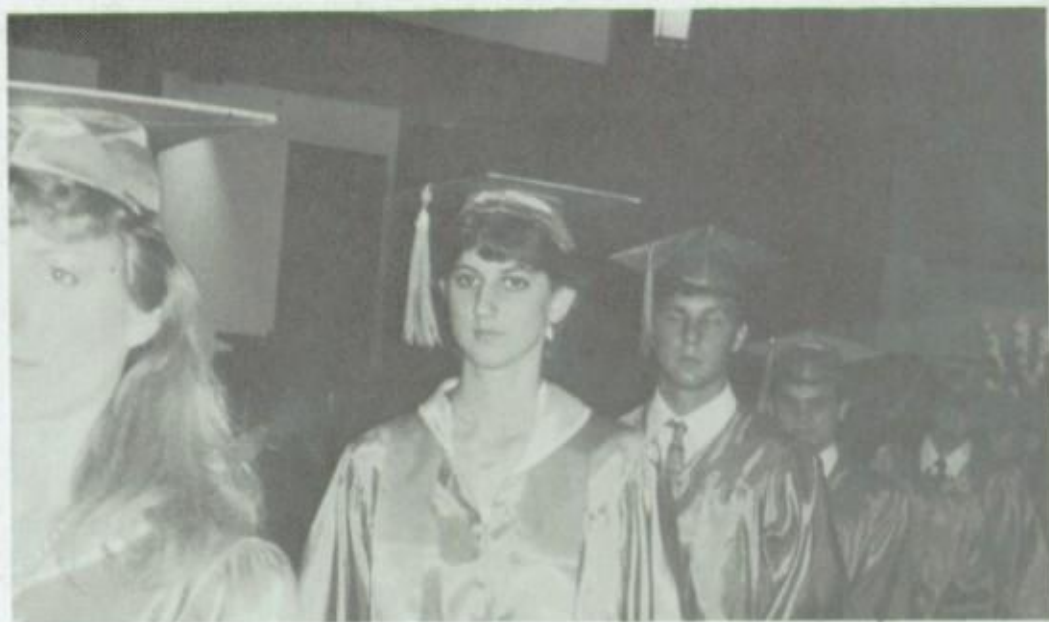

Finally - on Friday - the big moment began closing in. The day started with the annual Senior Breakfast given by the mothers of the seniors. Following breakfast, the seniors proceeded to the football field for graduation rehearsal (which, thanks to Mother Nature, wasn't even necessary!). After rehearsal, the seniors were free until 7:45 when they were to report to the band hall for final preparations.

At 8:30, the Sanger High School Class of 1986 proudly entered the gym. E. J. Crawford, valedictorian, and Sherla Ashby, salutatorian, gave their addresses to the graduating class of 1986.

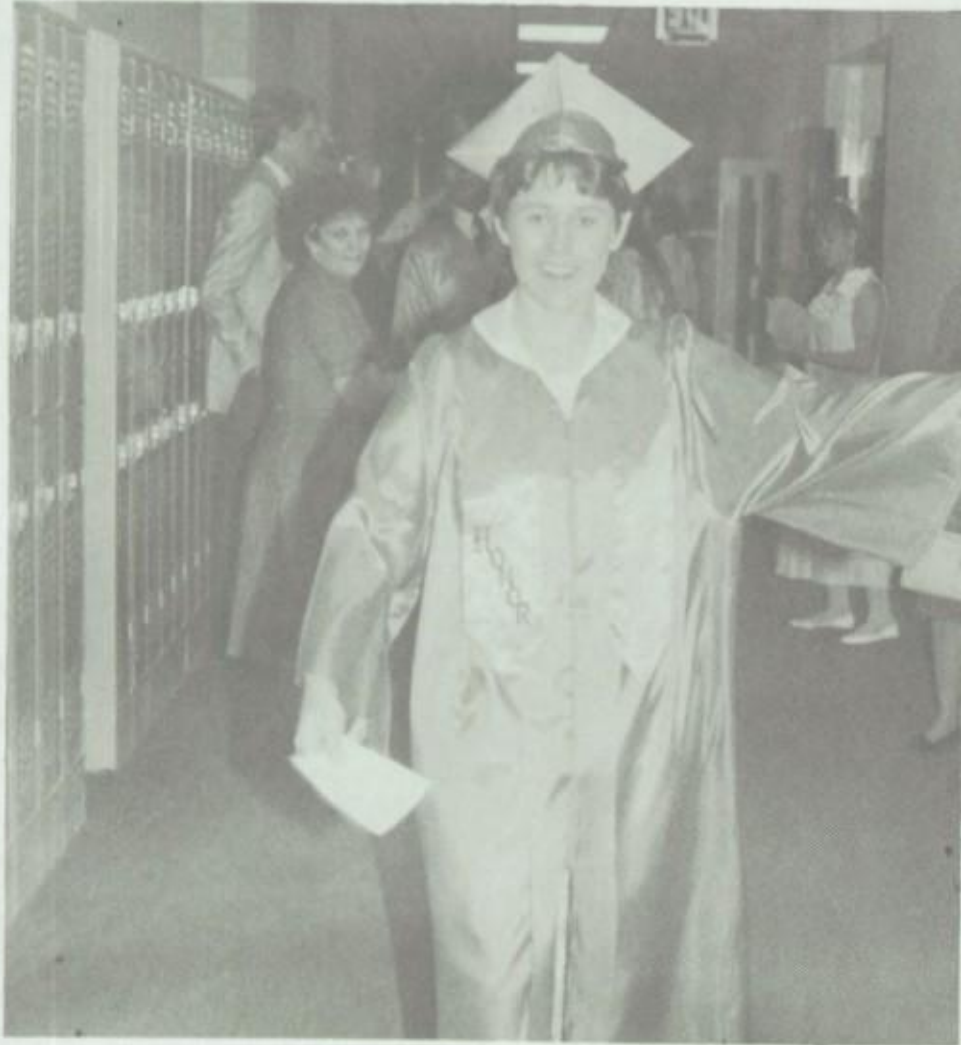

The class of 1986 learned many things during their four years at Sanger High School. One of those things was this: Don't let the weather get you down! (Besides, a little rain never hurt anybody!).

Honor Graduates: L. to R., Top row. T. Utley, S. King, A. Horton, A. Rhodes, M. McSpedden, T. Smith, C. Burdick, Second row. R. Escobedo, L. Cain, S. Hamilton, I. Burdick, T. White, M. Tipton, First row. T. Henry, R. Trietsch, S. Ashby, E. Crawford, J. Wheeler.

"The Rest Of The Crowd"

"I like being a junior because I know I have only one more year after this one." - **Karen Jannereth** - Junior

While the senior class enjoys being in the spotlight, the underclassmen patiently await their chance. While waiting, they contribute a great deal to the student life at Sanger High School.

Freshmen soon realize that they are the youngest of the crowd and that they are the ones who the seniors like to make the most fun of by calling them "fish". **Jason Jones** gave us his opinion of the term "fish" being applied to the freshman class. "I think it's a rude word and I don't appreciate being called a "fish". We're sure that Jason will think differently about using the word "fish" in the years to come.

Sophomores, on the other hand, have outgrown the names applied to them the previous year and are ready to start thinking about their first cars. This is the year in which they learn to

drive and probably towards the end of this year, get their first cars. **Christy Gutierrez** told us about her first car. "I was really happy and I just fell in love with it. It was the best thing I had ever had and still is."

Juniors, as usual, spent most of the year planning for the upcoming Prom in May. In the fall they sold Christmas Ornaments and Sanger Indian Mugs in order to raise the money needed for the Prom. Some of the juniors formed a prom committee and worked with Mrs. Danner and Mrs. Thompson. During the spring they were busy ordering decorations, deciding on the colors and favors, and in May they decorated the Silver Eagle Suite at North Texas State University for the big event. The seniors should be proud of the juniors this year because, as **Kendra Pirkle** put it, "This year's Prom will be the best ever!"

Tracy McClure and Bobby Upchurch pose for a camera shot.

SANGER CENTENNIAL . . . 100 YEARS OF PRIDE

"I now know that Sanger is one hundred years old. Through the Centennial events I am able to look back and see how men and women have struggled to make Sanger what it is today. It makes me feel very proud to be a citizen of Sanger." -Sherla Ashby

Can you believe that Sanger is 100 years old? And Texas is 150? It makes you ask all kinds of questions about what life was like 100-150 years ago. It also makes you wonder about how all the changes were made, and who or what caused the changes.

1986 has been a year to celebrate these birthdays. Sanger has done an excellent job of celebrating. Some of the events and activities have been: selling bricks to be put in the park, a Miss Centennial pageant, hayride, July 4th celebration, and much, much more. All of the proceeds were used to revitalize the downtown area.

Many people wonder why we celebrate one hundred years. The main reason is because of the changes made over the years. Some great people made these changes by giving their lives and taking a stand on what they believed. We should all hope to become like those people — brave, courageous, imaginative, and above all, take pride in what you do and where you live!

HAPPY BIRTHDAY SANGER!!!!

The senior girls vs. the teachers in a game of volleyball.

Looking Good

The Miss Sanger Centennial Pageant was a wonderful experience for many talented young ladies. Although the race was a close one, Dana Trietsch was crowned Miss Sanger Centennial. The proceeds from the event were used to revitalize the downtown area of Sanger.

Outstanding Clubs

Betty Jenkins, chairman of the Sesquicentennial Committee, presented awards to OEA, FHA, Band, and Drama clubs for their participation in the Sanger Centennial Activities.

Artistic Designs

To show their support in celebrating Sanger Centennial, the Art Club had a great time making a beautiful handmade quilt.

But Why Do They Do It???

They're definitely not in it for the money. Sometimes pain and suffering is involved. The profession we are talking about is teaching. For the most part, though, the good points out-weigh the bad. But still the question remains: Teachers — Why do they do it?

Mr. Mike Danner, Chemistry and Physical Science teacher, said that the most rewarding aspect of teaching was "seeing students successful and able to compete in the world. Seeing the light go on in a Chemistry student's eyes when he or she grasps something." Mr. Danner decided to teach high school after working with high school youth at his church.

Mrs. Rebecca Barnes, American History and English teacher, said that "sharing a mutual love and respect with my students is what really makes teaching worthwhile." **Mrs. Sunny Yeatts** told us that the best part of teaching was knowing that "something I know is being passed on to others." Mrs. Yeatts teaches Drama and English.

Trude Swan, sophomore, said that she likes the teachers at Sanger High School because "The teachers really care about how well you do in their class and they care about you as an individual."

Mrs. McIntire shares her knowledge of Depression Era Music with Mrs. Barnes' American History class.

Mrs. Higgs and Mr. Ruland, above, take a break from chaperoning on prom night. To the right, one of Coach Daugherty's classes plays a practical joke by moving their desks outside.

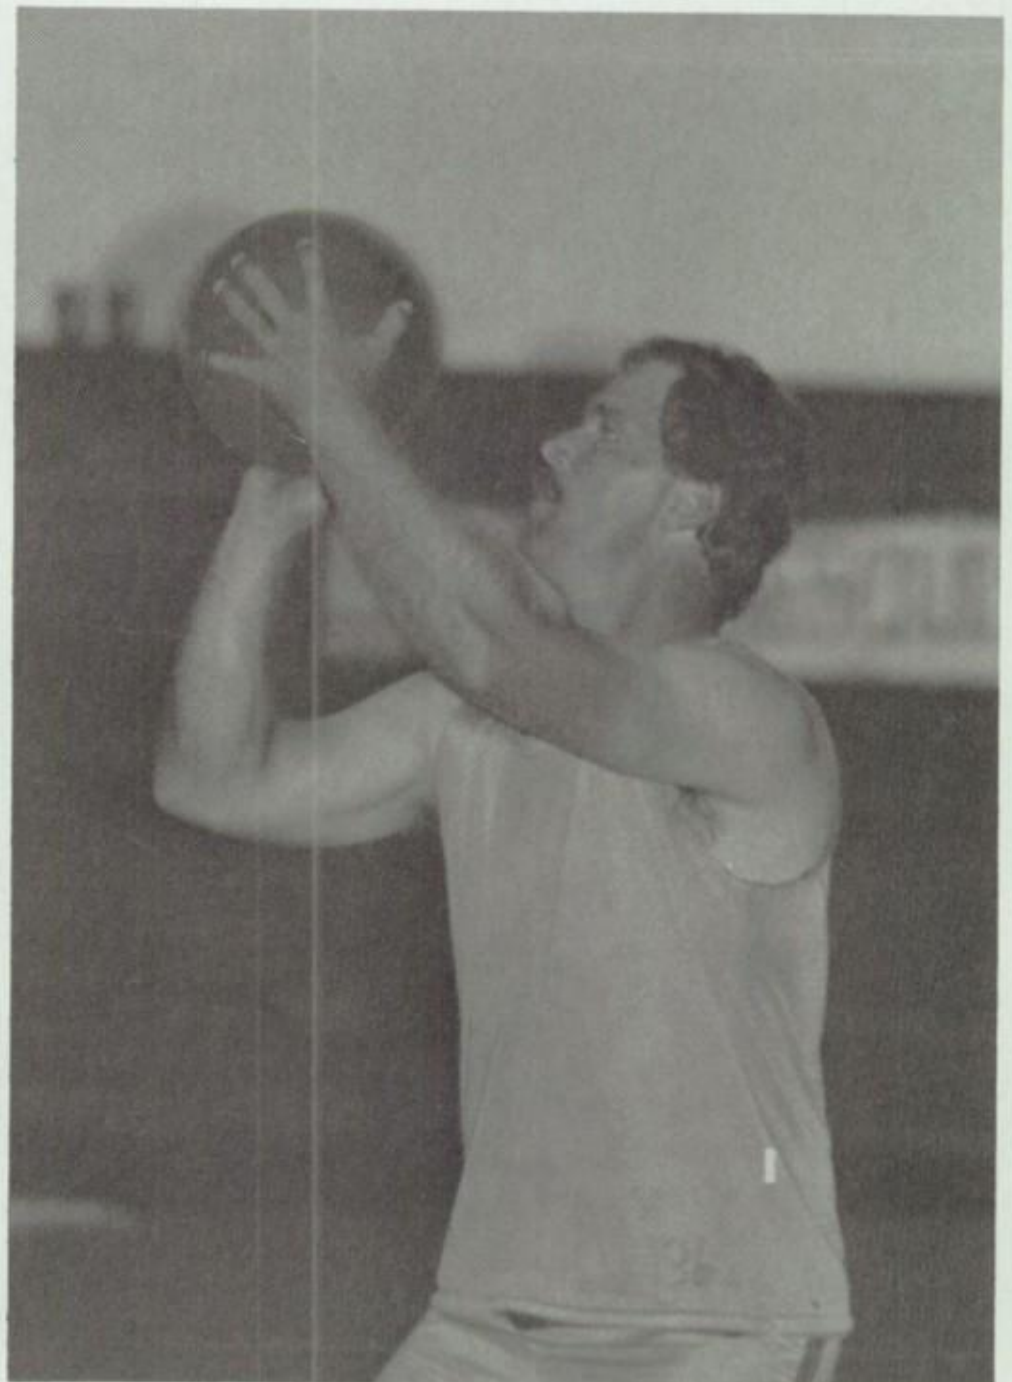

Mrs. Langley enjoys a piece of cake at her surprise birthday party.

Mrs. Yeatts and Mrs. Tutt read a skit at the Talent show.

Mr. Higgs knows his students would never do anything behind his back.

Mr. Biggerstaff "shoots for two" in the student/faculty basketball game.

Tribes

working hard made the difference

TRIBE PRIDE! It's not hard to catch at Sanger High. What exactly is the Tribe section? It's all the organizations that are active here at SHS. Organizations help students' social lives. However, some people try to get too involved that they end up getting bogged down with too much work to do. Our advice to incoming students is to pick a group that stands out and looks appealing to you; then get as actively involved as you can with that group. Do something **YOU** enjoy — that's what makes the difference! Students doing what they like will do their best and be able to take pride in their organization.

Tribe Pride — Catch It!!!

A few students were interviewed to see what they liked about their main organization. Here's what they had to say:

Tanya Malcolm — "Charmers taught me responsibility. It also taught me how to be myself around others."

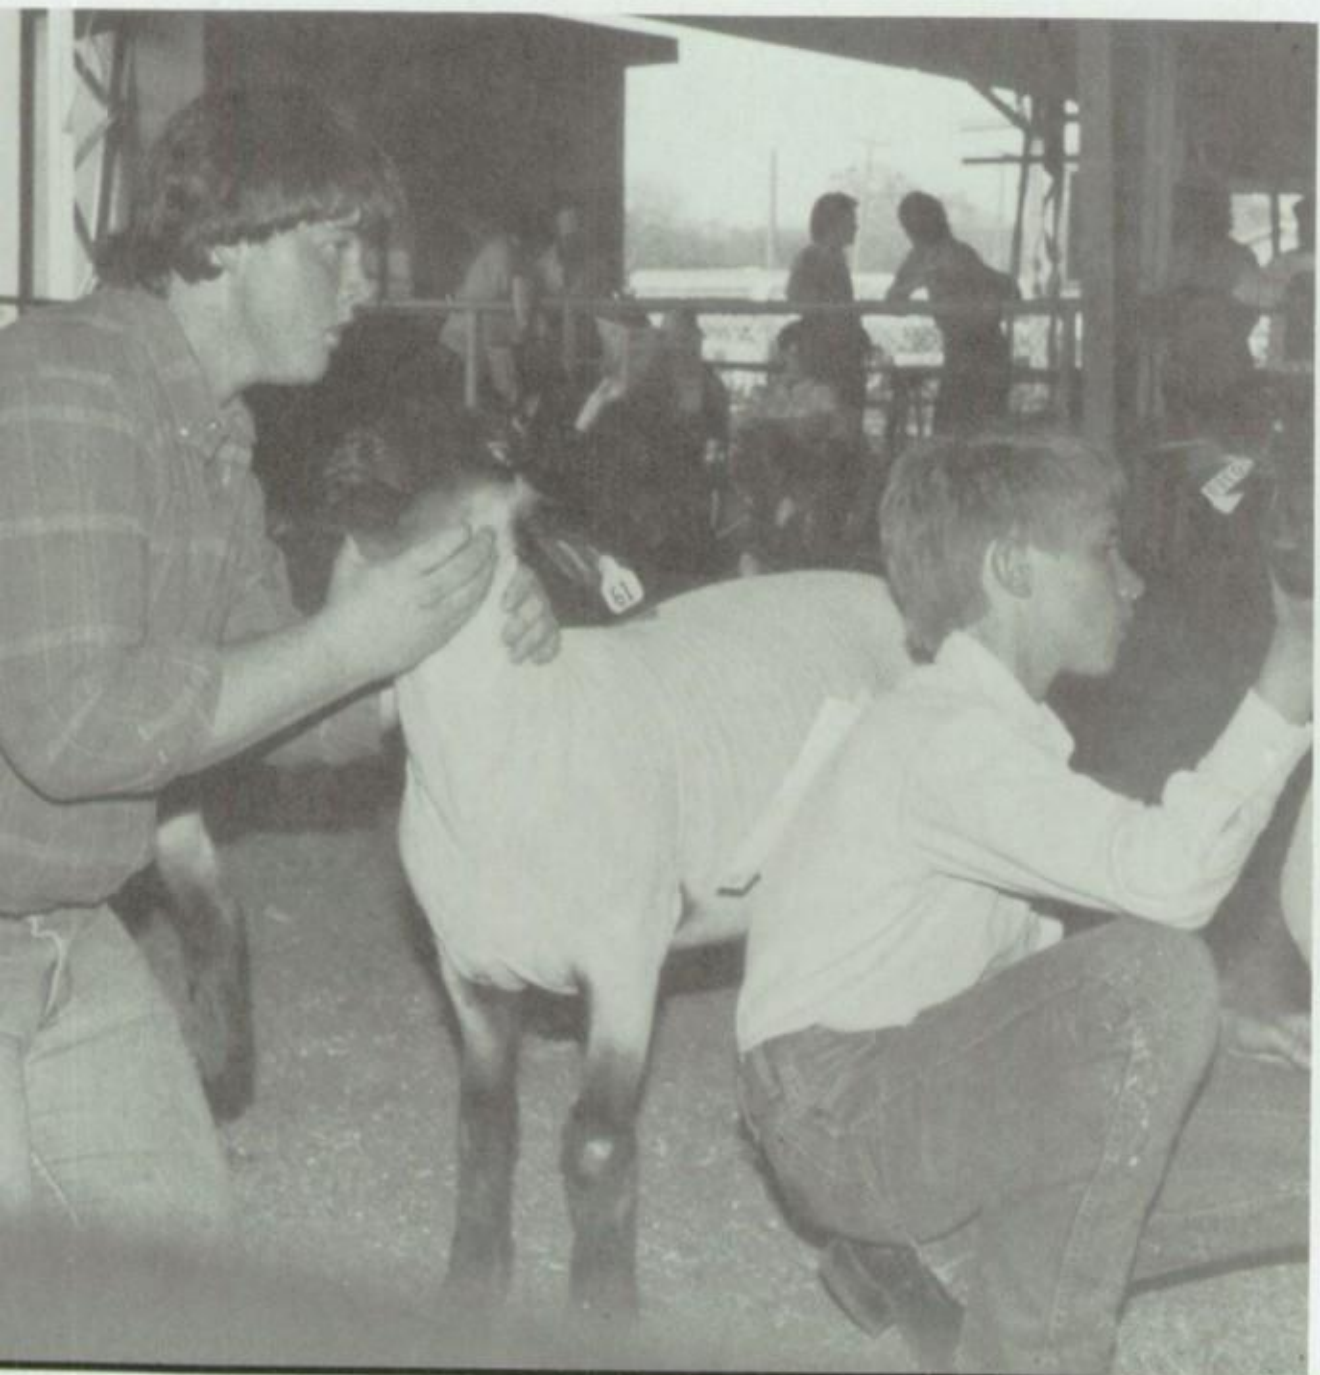

James Grider — "I got involved in Spanish Club 'cause it made the year more interesting, and I learned more things about other countries."

Tracy Borel — "Ag helps me get a better look at an occupation I have when I get out of school." Now that's what we call Tribe Pride!

Student Council

"At the student council dances, I had the time of my life! Once they got me out on the dance floor, they couldn't get me off." E. J. Crawford

"I thought that the survey for the city of Sanger was an excellent idea. It let the people know how the town can be improved; and I enjoyed doing it." Angela Cantrell

"I think we need to have 'jam days' all the time, because students are responsible enough to be able not to have a specific dress code." Shelly Jhonson

"The bulletin board was a good item for the student council to invest in because it provided them with school functions." Denise Yeatts

"I thought that the homecoming dance was really fun even though we had to wade through the water to dance our hearts desire." Aubrea Anderson

"I thought that the birthday cards that were issued to all of the students on their birthdays was an excellent idea because it made everyone feel wanted." Christy Burdick

"The program put on by the Department of Corrections was very interesting and informing. Hopefully some of the students will be able to learn from Nathans mistakes." Terri Malcolm

MAKING THE GRADE

"Being a member of the Honor Society offers many opportunities and rewards; it also makes you feel superior!" — Tim Henry, Senior.

Have you ever heard anyone say, "Well, as long as I pass, I'll be in good shape."? They think that it's all right to "just get by." However, we know better. Those students who desire to do more than "just pass" receive many benefits. Other than receiving more respect and support from the faculty, these students receive the honor of being in prestigious organizations. SHS has four "Honor" organizations, other than the Student Council.

Honor Society is open to freshmen through seniors. The requirements are attaining a certain average, maintaining that average, and receiving a good teacher evaluation.

Quill and Scroll is also one of the honor organizations at SHS. According to sponsor Mrs. Willis, the requirements are very high. A student must be in the top third of his/her class, must have been in journalism two years, and must have made an outstanding contribution to journalism.

The Letterman's Club is an honor for all students who letter in at least two UIL events. This club gives incentive to young participants to keep trying.

STARS is a very prestigious organization. You must be picked and meet certain requirements such as a certain IQ, certain Achievement Test scores, and maintaining a certain average in school grades.

These four organizations are very rewarding. So, if you are a student trying to decide whether or not you're going to "just pass", think about the benefits you can receive if you were to reach these requirements by making your grades!

M Art Club

s. Oller has worked hard this year to develop a good art program at Sanger High. The art club has had several fundraising projects including a car wash, face-painting, and making leather belts. This club is a group who work together to raise funds for the art department to buy classroom materials. They also work on large scale art projects and work together to design advertisements for the school.

Our Way Of Speaking Out For Sanger

The National Forensic League is an Honor Society dedicated to the promotion of interest in interscholastic debate, oratory, and public speaking by encouraging a spirit of fellowship and by conferring upon deserving candidates a worthy badge of distinction. Students qualify through participation in high school speech activities and in ranking in the upper two-thirds of their respective classes.

Just A Little Change Of Scenery

The 1985-86 Speech and Drama Club was active in many different ways throughout the year. The highlights of the year came around the first part of December. The Drama Club presented their version of PYGMALION. Joey Robison portrayed Henry Higgins while Denise Yeatts played the part of Eliza Doolittle. Colonel Pickering was played by Jeremy Klein.

The Speech and Drama Club also took part in the concession stands at the local basketball games. All members participated in the concession stand project in order to raise money for special equipment including spotlights and a fog machine for future play productions.

Another highlight of the year came in February. A few of the members went to Speech and Drama Tournament at Harvard University in Cambridge, Massachusetts. The club raised money and took donations to pay for the expenses of the trip. The invitation was considered a high honor for Sanger's squad. Those attending were Jeremy Klein, Joey Robison, Denise Yeatts, James Harvey, Rich Briner, and Allen Blocker.

RAISING A LITTLE YELL

"You just have to keep working and never give in, to accomplish a victory you must know that you'll win."

Sanger's cheerleading squads of 85-86 brought pride, spirit, and a new enthusiasm to Sanger High. Both squads worked hard all year long to back their teams to victory.

Although there were several changes for this year's squads such as fewer pep rallies and several first-time members, they made the best of the changes and worked toward excellence.

"My most memorable moment was the last football game in Whitesboro. As the clock ticked away, I realized that this really was the last time the senior guys would play together and also to wear their number." **Rhonda Holder.**

"Cheerleading helped me meet a lot of new people and gave me confidence in myself because you always have to appear like you know what you're doing even if you don't." **Karen Hamilton.**

"I remember Carol's fabulous 'herkie' and cheering in the rain in Bonham and Wylie." **Michele Forrest.**

"I was on top of a pyramid and was supposed to flip over and land on my feet. Well ... I got half way over, stopped in mid-air and landed on my head." **Ann Garland.**

"I felt that our squad was built on team spirit and the wanting and desire of being the best we could be. Each one of us helped the others and through it all we found a bond of love and friendship that couldn't be found in a better way." **Vinita Wade.**

"Cheerleading has meant a lot to me—mostly because it has made me somebody." **Traci Adkins.**

"This year we had a lot of support from our families and friends. As a cheerleader, I've gathered lots of memories." **Paula Cook.**

CHARMING THE SPIRITS OF SANGER HIGH

Drill Team is an organization that requires much time and dedication.

Throughout the entire year Charmers are actively involved in school, community and self-inductive activities. Summer time brings about a time for preparation for the upcoming school year. Much hard work is exhibited through hours of practicing and planning. A drill team camp is attended by each Charmer to prepare for the hard year to come. The Charmers received several group awards as well as individual ones.

Weeks before school begins Charmers have to really put forth a lot of effort in their summer-training activities. "Football players think they have it tough. They ought to try 4 1/2 hours of continuous practice under Mrs. Spruiell". Senior, April Horton.

School begins and Charmers perform at pep rallies, football games, and the annual Sanger Sellabration. Besides performing, Charmers do work for the community such as working for auctions, booths, etc.

The Charmers had their annual stage show this year in December. "Celebrate the Seasons" featured numbers and routines from different holidays and seasons of the year. It was a complete success.

After the show, the Charmers performed at various basketball games. During this time they also worked on competition. Competition was held at Tyler Jr. College on February 8.

The 1985-86 Cherokee Charmers held their heads high making Sanger proud of them. Their spirit aroused enthusiasm from the rest of the students.

WE AIN'T JUST TOOTIN'

"Being in band has helped me develop my musical qualities and has influenced me to forward my musical career." — **Junior, Kenneth Thorne.**

Band. When someone says band most of us envision a group of young people providing halftime entertainment at a football game. It goes much deeper than that. The band, though most visible during football season, is on duty throughout the school year.

The work started in August with rehearsals in the hot sun. It continued as band members prepared for marching contest. This year the Sanger High School Marching Band participated in the Cleburne Marching Festival.

As soon as marching season ended the band began work on their Christmas program. At the Christmas concert, Band Favorites were announced. Joey Robison and Sarah Gardener were chosen.

With the Christmas concert behind them individuals had time to work on solos and small ensembles for competition in the spring.

There is a great amount of time, and effort that each band member puts in, but it all pays off in knowing that one has done his best.

Drum major, senior Joey Robison, thinks that a band can do their best when they have unity, "Unity is the key. Without unity, any organization would lack the spirit it needs to succeed!"

Mr. Klink added, "As the 1985-86 Sanger Band Director, my feeling toward this group is that of pride for their continued improvement. Their effort to become better students and performers is seen daily as they grow academically and musically."

PLOWING TOWARDS THE FUTURE

The Sanger Chapter of Future Farmers is an organization based on cooperation, leadership, scholarship, and citizenship.

Membership is open to all students of Sanger. In FFA, students are required to raise and care for an animal (such as cattle, swine, poultry, or rabbits). They do this for a period of nine months.

Fruit and sausage sales were the two main money-making projects for the year.

WE'RE REALLY COOKING NOW!

"I'm encouraged by the amount of members we have but in the future I'd like to see more participation from all the members." — Sponsor, Mrs. Langley.

FHA, which has grown to 200 active members this year, contributes much to the school and community.

At Christmas, the members decorated the doors at the Care Inn in Sanger. The residents were happy to see them put up the beautiful decorations.

For homecoming, FHA entered a Float, "The Chisholm Ball" This year, as in years past, they won "Most Beautiful" with a cash prize of \$100.

The biggest project FHA participated in was the magazine sales. This year records were broken with over \$3,000.00 profit brought in. The sponsors: Mrs. Higgs, Mrs. Langley, and Miss Clark were very pleased with everyone.

FHA is more than just an organization. It supports the school and involves the community. Everyone benefits from FHA.

Senior, Denise Yeatts (Top magazine seller for 1985-86) benefits from FHA and hopes to be able to reflect back on it as a learning experience, "The magazine sales helps me communicate with people. It boosts my confidence in communicating."

Each year The Sanger FHA takes part in National FHA week. The Sanger chapter promotes FHA by involving the entire student body and the faculty. It is their desire to make the rest of the school aware of what the Future Homemakers of America really represent.

"During the craft shows that FHA is involved in, the whole community and school is invited to attend and see what FHA represents." — Sophomore, Angie Cantrell

The Agriculture Cooperative Training course is designed to provide technical instruction, on the job training, and work experiences for high school students preparing to enter employment in agricultural occupations.

The Home Economics Cooperative Education program at Sanger High School is open to Junior and Senior students who would like to gain some work experience in a Home Economics related field while completing their High School Education. The students attend classes in the morning and then go to their jobs in the afternoons. This years class contains 14 young men and women who go their separate ways at 12:15.

The Ag. Co-op program is designed to provide technical instruction, on the job training, and work experience for High School vocational agriculture students preparing to enter employment in agricultural occupations.

Students in the Cooperative Training course spend one hour in class each school day to receive instructions in the occupations for which they are training and three consecutive hours each school day at training stations in order to learn the occupation. There are 13 people in this years Ag. Co-op class.

WE'RE ADJUSTING TO NEW CHALLENGES

The Vocational Adjustment class is programmed to enable students to develop skills to help them be further aware of the working world around them.

The Vocational Adjustment class helps students develop work skills that will enhance their chances for full-time employment after graduation.

This year's program has one full time student, nine students who work half a day, and three students who work only one period a day. When not at work, students are attending high school classes.

Students are encouraged to find their own jobs and are supervised by Mrs. Jackie Naugher.

Sports

team work made the difference

Touchdown! Homerun! Gamepoint! Slam Dunk! Par 4! These famous words from different sport events are essential to the everyday life of Sanger High School. From mid-August to the very end of May students are involved in some type of sporting event. Volleyball and Football start practices in the middle of August. Even while those events are still playing games, basketball players also start practicing. As soon as basketball is over track, golf, tennis, and baseball begin and can last until the very last week of school.

Sports ARE a part of Sanger High School. If you are a devoted fan for all sports, you've got a busy schedule for the entire year. As a participant of a sport, you are learning responsi-

bility and cooperation. During a particular season participants have to make and keep their grades up to par.

The 1985-86 school year closed as a good year for sports participants. Volleyball had an outstanding season. Football was a slight disappointment for Varsity, but J.V. went undefeated. Basketball showed excellent teamwork among both girls and guys teams. Girls track saw more at regionals than Sanger has ever had, and also one at state in 2 events. Guys track also had some regional qualifiers. Golf found Sanger's Bo Cooper winning first at state. Finally, Baseball had several make it to the All-District teams. Wow! Wasn't it a successful year???

MIND OVER MATTER

Football

One of the first events that helps the school year get under way is the beginning of the football season. The 1985 football season roused spirit and enthusiasm from the students and the community. Everyone was excited about a prosperous season.

With twenty-four seniors and four juniors, the coaches expected a winning season. The team was a united group that worked together more than previous teams in past years.

Senior Michael Grace commented, "We were all pretty equal, and we worked together as a whole team instead of individuals."

Senior Richard Escobedo also commented, "The one thing that hurt us most was that there were too many Injuns and not enough chiefs; no one wanted to lead. We were all followers."

The team struggled throughout the season but it seemed defeat was more powerful than victory. The season record was complete with 3 wins and 7 losses.

Although the season didn't go as well as expected, Sanger had 11 members make the district teams. They were as follows: (Left to Right, Top to Bottom) Richard Escobedo, Craig Adkins, Matt Millerborg, Billy Wright, Michael Grace, Scott Langley, Sean Thomas, Eric Garza, Greg Reding, Tom Swartz, and Mark Turpin.

J.V. Wins District

Season Record 9-0-1

The Junior Varsity football team of 1985-1986 was an outstanding group of young men. These athletes ended their season with a 9-0-1 record. The outstanding record gave them the title of District Champs. The players made this a winning season by sticking together and by playing as a team. The J.V. team made up of Sophomores and Juniors, was very aggressive.

There were some memorable moments throughout the season. First there is the memory of the great offense

led by Sophomore Quarterback Bo Cooper and the awesome defense led by Sophomore linebacker, Glen Stogsdill. One of the memorable games was the depressing game with Bonham that ended in the teams only tie of the season. Other exciting games included defeating Pilot Point in Pilot Point and coming from behind to win against Frisco.

The 1985-86 winning J.V. team continues to look forward to another year of success.

FRESHMEN Break Even

The Freshman ended the year with a win against Denison. The year for the Freshman ended with a record of 5-5. The greatest loss this year was with the loss of the starting quarterback Jason Fulgham. He broke his arm during a practice

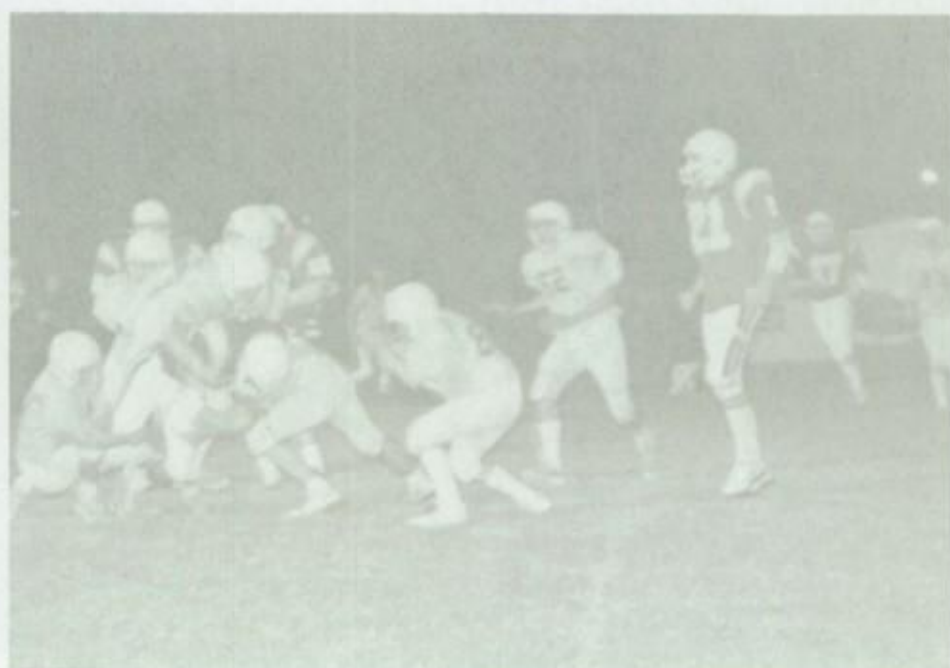

against the J.V. One of the most exciting players this year was Sean Kelly, tailback. Kelly will be one of the star players on the J.V. next year. Next years J.V. will be an exciting team to watch.

Teamwork Improved

Varsity won third in district in '85, their best finish in recent years. The year of '85 made the difference because the girls had built up their confidence and determination for the road that lay ahead.

"I think that the whole team made the difference because not only one person had to carry all the weight". **Tina South, junior.**

Along the road, they experienced some memorable moments. Susan Hamilton's "where's the beef" at Jack in the Box, the disappointment of losing Marilyn Tipton to knee surgery, the pep rallies on the bus, and almost leaving Coach Shadid and Sherla Ashby behind because "someone" forgot to fill up his car with gas.

"The pep rallies got us excited for the games. They were live". **Shelly Johnson, junior.**

"The one thing that I remember the most about volleyball season is that I was always getting hit on the head with the ball during practices". **Susan Hamilton, sophomore.**

"I remember that my very first serve went over". **Shannon Hallmark, sophomore.**

"I was nervous about being the only fish on the team at first. I remember that I got to know everyone on the team a little better". **Lori Trego, freshman.**

"I remember sitting in the stands during the district tournament and watching a small town team come alive with excitement and determination". **Marilyn Tipton, senior.**

"To define the season in one word — F-U-N!!" **Barbara Mason, junior.**

Gerald Finley shoots for two from the outside.

Senior Brad Watts — All District First Team.

The Varsity Boys team started out slowly with a fairly young team; the boys had only four returning varsity players. Though their hustle and spirit never died, the first half wasn't very successful. It wasn't until the second half that the team came alive when their enthusiasm grew along with their desire to be the best. Returning starter Gerald Finley hurt his knee in the last game of the year. After the loss of Gerald there were only six ...

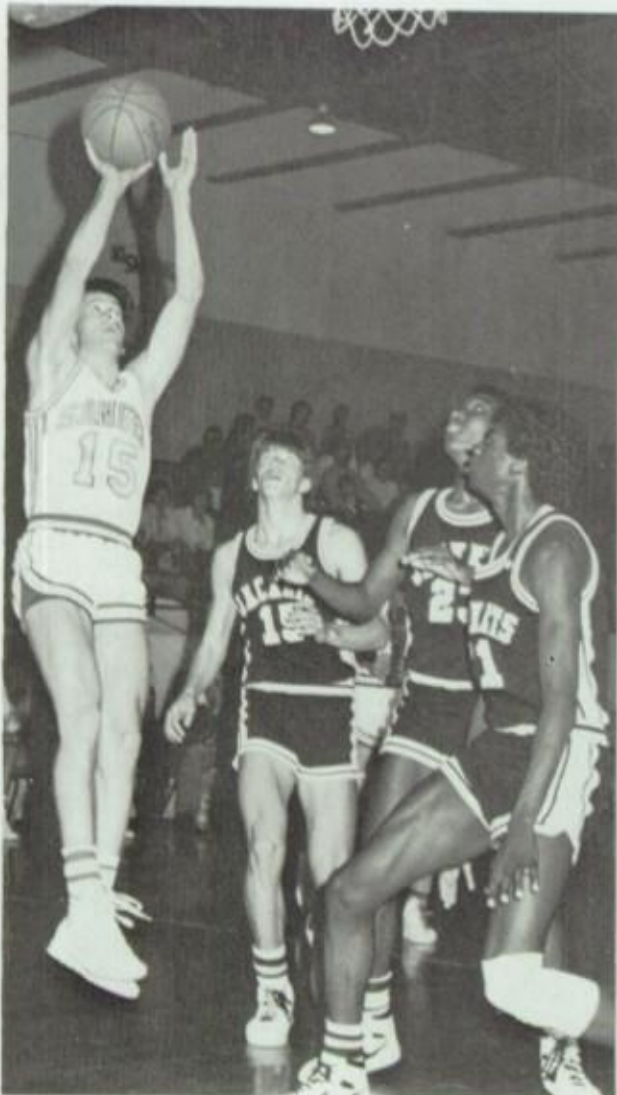

Ode to the magnificent 7

They came dribbling into town one cold and misty day ...
The magnificent 7 true heroes to this day ...
There was Mark McNeal ... the man of steel ...
There was Mike Cook who would make every steal ...
"Bad" Brad Watts was a demon on the boards ...
Gangling Gerald Finley would outrebound the hoard ...
Sharpshooter Andy Garza made upperclass foes wince ...
And young Bo Cooper would make like a fence ...
Blake Lemons hit one from half court ...
and Coach Spruiell would smile in support ...

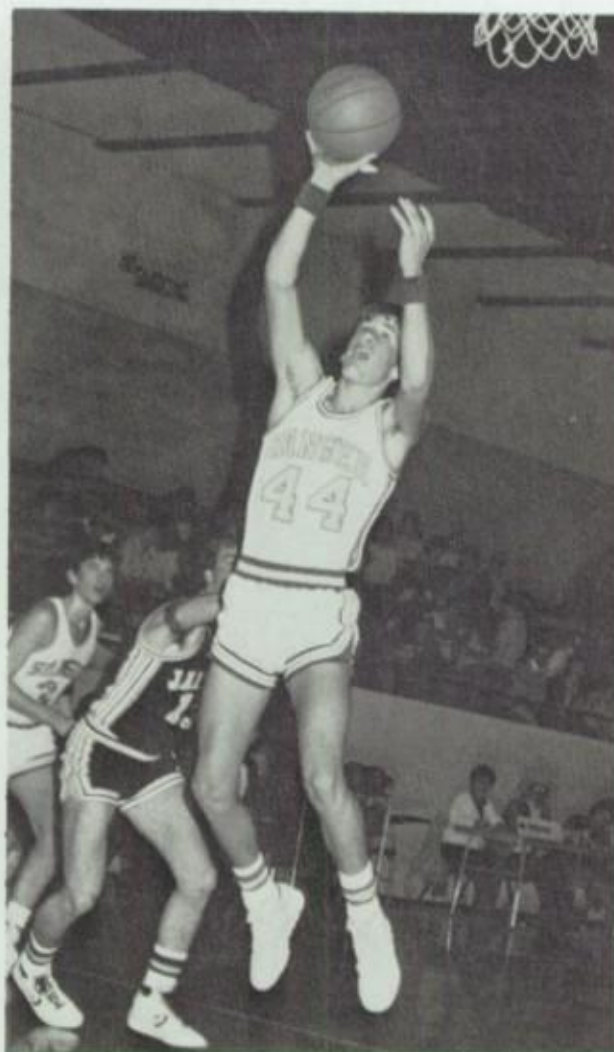

It was tough riding for this bunch from Sanger ...
and ah, yes, let's salute the cheerleaders and Charmers ...
less we forget Larry's wife Carrie ...
The parents and fans want to give a toast ...
to the Magnificent 7 who came so close ...
they never quit trying ...
they never quit hustling ...
next year they'll host a champions flag ...
Gerald, Andy, Bo, and Blake will be joined by some new gunfighters ...
and it all started with McNeal and Watts and a hustler named Cook

With just two Seniors on the team this year, the girls had a good season. Although a young team, they had the super quality of playing together and sticking together. Hoping for a District Championship and a position in the Play-offs, the girls came to the end of the season with a good but disappointing third place.

In a short interview with Senior Trisha White we found out that this year's team spent a lot of time working hard. She said that they grew to appreciate each other's talents which enabled them to work together well for the glory of the entire team. The varsity girls most memorable game was against Frisco in the Coppell Tournament. Trisha said that the team was psyched up to beat their worst enemy in the district. All the time and energy they had spent practicing was finally paying off.

Trisha ended the conversation by saying that the teammates were real close to each other because they all had the same goal. She wishes that in years to come other teams will share the same closeness that the 1985-86 Varsity Girls shared.

Barbara Mason goes for a jump-shot.

TRACK

Although this year's track team was fairly small, they still had a lot of determination. Their efforts resulted in three regional entries. Michael Grace qualified in the 400 and was also part of the sprint relay team that qualified.

Danny Millerborg qualified in the 880.

Members of the sprint relay team were: Jimmy Coin, Eric Garza, Matt Millerborg, Michael Grace, and Rich Briner was the alternate.

The mile relay team consisted of Michael Grace, Richard Escobedo, Matt Millerborg, and Danny Millerborg.

Middle

sharing and growing made the difference

School

What's Middle School got to do with it? A whole lot — in fact the middle school contributed 421 students, 29 teachers, 2 full time aides, and one part time aide to the Sanger School District.

As usual the middle school years were a growing time for the students. Those students just entering middle school (5th grade) thought they were stepping up in the world but in reality they were getting stepped on by either 6th, 7th, or 8th graders. Also the eighth graders don't realize it but the same thing is going to happen to them next year as "Fish." On top of all the "cliques",

popularity contests, and frequent changes of boyfriends and girlfriends, there was education going on.

This year the middle school has an added environment. The fifth graders had class in new portable buildings. This gave the rest of the grades a chance to breathe in the halls.

It is the sincere wish that the Middle School students of 85-86 will continue their education whether at Sanger High or other places. Good Luck in the future!!!

Eighth Graders Graduate Into Freshman World

Sanger Middle School Eighth Grade Commencement was held on Thursday May 29, 1986 in the Middle School Gymnasium at 8:00 P.M. 101 students graduated with 21 of these graduating with honors and 35 being members of the National Junior Honor Society. Donna Carter held the honor of being Valedictorian and Billie McGregor was Salutatorian. Both girls gave outstanding speeches while parents, friends, teachers, and relatives listened attentively.

Honor graduates included Melody Amyx, Andrea Burdick, Donna Carter, Kris Davis, Rene Escobedo, Rhonda Eubanks, Larry Frazier, Jeffrey, Gillum, Jennie Last, Eric LeJeune, Sean McDonald, Billie McGregor, Misty McQueen, Tom Mulanaz, Meredith Preston, Jeannie Sather, Sherry Scobee, Christy Shuffield, Misty Taylor, Jeff Tieszen, and Elizabeth Trietsch.

Many seventh graders were involved in the graduation ceremony. Brett Jones, Jason Klein, Chris Mraz, and Russell Rhodes directed traffic and helped people find their way into the gymnasium. Erin Conkel and Mike McNeal served as honor escorts while Angie Shaw, Jennifer Moorman, Randy Perkins, and Jennifer MacKillop served as ushers.

Mrs. Mary Jeanne Moorman played "Pomp and Circumstance" as the graduates walked into the gymnasium and down the aisle in couples. Andrea Burdick gave the invocation after everyone had been seated. Special music was provided by the eighth grade choir which was under the direction of Mrs. Suzanne Litman. The choir sang such songs as "It's Not The Sunset But The Dawn" and "That's What Friends Are For". Principal John Hunt gave the presentation of the class; Superintendent Jim Coulston made the announcement of graduates, and Mr. Carl Sadau, President of the School Board presented each graduate with a diploma.

The benediction was given by Melody Amyx at the close of the ceremony. After the ceremony the graduates and guests were invited to a reception in the Middle School Cafeteria.

Bret Jones directs traffic before the graduation ceremony begins.

NATIONAL JUNIOR HONOR SOCIETY

Nominees for the National Junior Honor Society are judged carefully on their scholarship, leadership, service, character, and citizenship. As members, they are required to maintain the same high standards.

Their 1985-86 activities included school, community, and teacher appreciation activities. They raised money to purchase a speaker's stand for the school and a Centennial project. They also enjoyed a trip to Six Flags Amusement Park.

S.T.A.R.S. (Sanger's Talented and Resourceful Students)

The S.T.A.R.S. Program is a one day a week program for students who are identified as gifted in language and general intellectual ability. About 5% of the students in grades 3-12 are served by this program.

Students engage in higher level thinking skill activities, study connections among traditional fields of study, use audio-visual materials in special interest areas, participate in field trips, and use various educational computer programs and games. They also participate in school and community service endeavors.

ONE HARD ACT TO FOLLOW

On April 5, the Middle School One Act play was performed. They put on "Who is Knocking on my Doors?" at Strickland Jr. High for competition, but it was also performed at SMS and Denton Sr. Citizen's Center.

The cast consisted of Jennifer Moorman, David Heitman, Amy Hool, Brett Jones, Colleen Shumate, Larry Frazier, Erin Conkel, and Seth Taylor. Jennifer Moorman and Brett Jones received All Star Cast Medals.

The crew was made up of Matt McGuffin, Jeff Tieszen, Kerry Creager, and the play was directed by Horace McGuffin.

WE'RE LEADING THE WAY

The Sanger Middle School Student Council had a great year. The officer elections were held in November of 1985. They sponsored many exciting events including three dances during the year. The dances were a Christmas dance, a Valentine's Day dance, and an End-of-the-Year dance. The Student Council sponsor for 1985-86 was Mrs. Tonn.

1985-86 Officers Left to Right: Larry Frazier-Pres., Jennifer Masten-V. Pres., Mrs. Tonn-Sponsor, Brett Jones-Treas., Scott Warlick-Sec.

CHEERLEADERS

Left to Right: Sheila George -7th, Jana Turpin -8th, Ellen Harper -7th, Kim Mulgham -7th, Heidi Hill, -8th, Meredith Preston -8th.

The Cheerleaders were chosen to compete for the Award of Excellence at camp.

At camp, hard work was the major emphasis for the workshop.

The girls showed off their spirit in front of the other groups of cheerleaders.

THE SOUNDS OF SUCCESS

In sixth grade, students are given the opportunity to participate in beginning band. At first, for some, it may seem like an easy grade and a chance to goof off. For others it is different. Band gives the student a chance to learn something new and express themselves musically.

Band members go through many hours of hard practice. Many spend half an hour a week with a private instructor to improve their playing even more. Even though it can be really tough in the beginning, competition makes it worth the effort. There is nothing like the feeling one gets when they know they have done their best and received a first division rating.

Band is not for everyone. It is for those who enjoy the rewards of hard work.

Band members keep in step during Homecoming march.

7th/8th Grade Top to bottom L-R: Jason McQueen, Jeff Gentry, Seth Taylor, Omar Agad, Annetta Tanner, John Mustin, Wes Hunnicut, Steven Bowles, Tommy Parker, Collin Long, Derek Strong, Randy Perkins, Kelly Jobe, Cory Long, Patrick Fowler, Chris Davis, Eric Lejue, Tiffany Howard, Michael Brown, Andrea Burdick, Melody Amyx, Jennifer Elieson, Rach Wright, Chrissy Cummings, Jennifer McKillop, Maggie Michelle Meredith, Jeannie Sather, Carrie Moldeone, Sherry Scobee, Dannika Beavers, Sherry Nixon, Annie Arnett, Ms. Klink.

WE'RE ALL IN TUNE!

The Choir program enjoyed many activities during 1985-1986. The Sanger Middle School Show Choir and the Seventh Grade Choir both received top ratings in the Sandy Lake Choir Festival, held annually at an amusement park near Dallas. The Show Choir and Combined Choir also performed at the Homecoming Banquet in the fall.

All four choirs — the SMS Show Choir, the Seventh Grade Choir, the Sixth Grade Singers, and the SMS Boys' Chorus gave public performances for the community at Christmas, during Texas Education Week, and in the spring.

All choirs are treated to a trip to Six Flags during May, in appreciation of their outstanding contribution to the musical life of the school and community. The choirs are directed by Suzanne Litman.

Choir spreads Christmas cheer with songs of joy.

Sherla Ashby

We are proud of you
Always remember: If it is to be
It is up to me, and anything
less
Than your best is failure.

Lori Cain

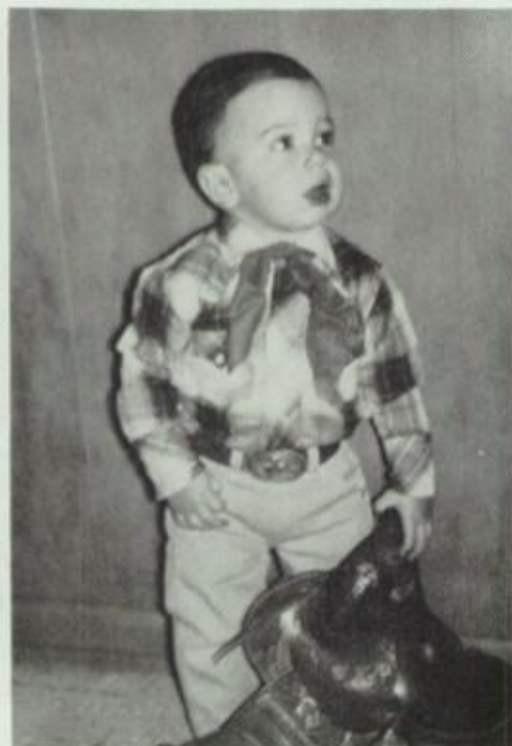

Congratulations Lori . . .
You have always made us very
proud of you. We wish the best
of everything for you in the
future.
We love you
Mom and Dad

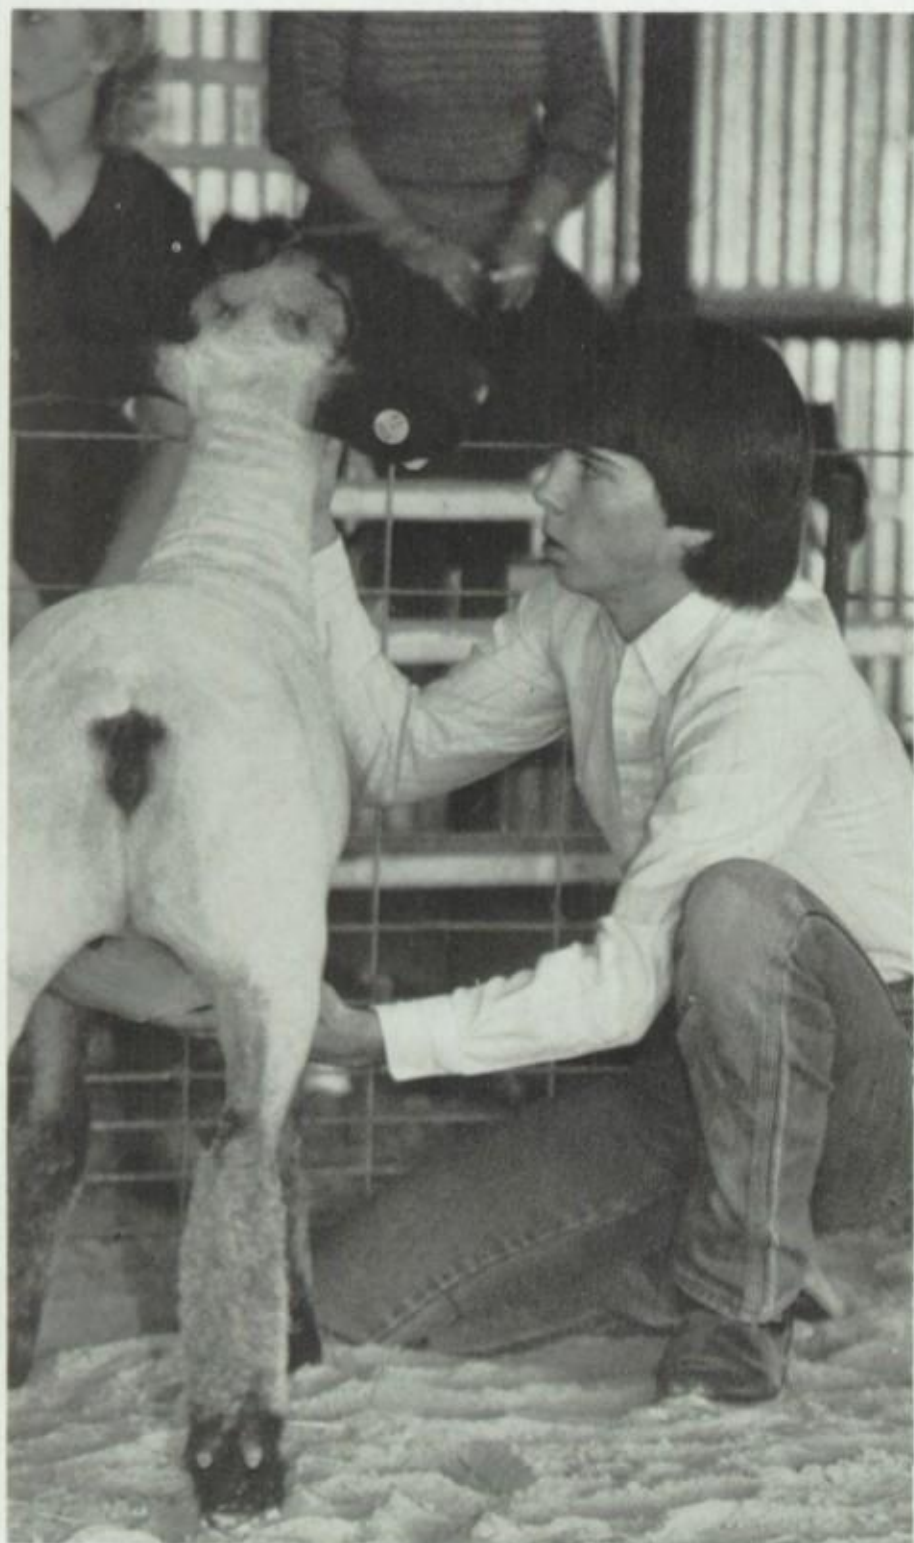

Denise Yeatts

*You danced through our lives as
graceful as motes in a winter
Sunbeam . . . As enchanting as
the barest scent of new violets
in the spring . . . As whispering
as the sigh of moth's wings . . .
As quickly as a half seen shaft
of summer lightening much too
soon you flee our protecting
love to embrace your future but
yet our love pursues to shield,
to protect, to cherish.*

With love Mom and Dad

Together **WE** *made the difference*

From that first bell in September to those finals in May, we each contributed to this year. There were changes and challenges, good times and bad times, glad times and sad times. Being a chief was not the important thing; recognizing the importance of every Sanger Indian is what made it all special.

Who made the difference in 85-86?

You/I/They . . . **WE** did, together.

Now the Warrior staff closes this yearbook and places it in the hands of time. We hope that 10, 20, or even 50 years from now you can get it out and say, "That's the year it rained so much!"

We would like to thank the people who have helped make this book possible. First, to our sponsor, **Beth Willis**, who has encouraged us and insisted that we represent the entire student body and that we meet deadlines.

Secondly, to **Mr. Tread Sheffield**, our Josten's representative who has helped us with everything and anything throughout the year.

Thank you to **Mr. Mustin** and the entire faculty for their time and consideration. There have been times when we've interrupted a class to interview or take pictures . . . we appreciate your cooperation.

We would like to offer a special thanks to **Mr. Pat Barrett** for his lettering, to **Ms. Tonya Bowles** for the use of her sports photographs, and to **Dr. Ralph Pyke** for his photography, which appears throughout the book.

It is our sincere wish that you enjoy your annual as much as we enjoyed putting it together for you.

Going Our Separate Ways

Although the year is over the memories will always be present in our hearts. We've laughed; We've cried; We've won; We've lost. Now we will part remembering that *Friends are Friends Forever.*

What We're Proud Of

We have all been particularly proud of something or someone this year (decorated cakes or motorcycles), but as we look back on 85-86, let's say we're proud of Sanger High.

UIL Regional Qualifiers

Let's also make Sanger proud of us as students. Denise, Marilyn, and Jeremy represented Sanger at Region.
